The team will practice every day except Sunday and Wednesday. The schedule is subject to change due to weather conditions.

FACULTY DECIDES TO POSTPONE GRADUATION OF THE JUNIOR CLASS

Class of 1919 Will Graduate in January Instead of September as Formed

The Faculty has recently decided to postpone the date for the graduation of the Junior class until January instead of September, as was originally decided. A few months ago, when the Legislature decided to adopt the policy of reducing its courses and cutting out extracurriculars for the sake of the country, a schedule of dates for the graduation of the different classes was made. At that time it was thought advisable to have the graduating class of 1919 attend school during the coming summer, thus completing their work in June, and then be graduated in September. However, it has since been decided to wait until January, when the men can be graduated, as it is feared that the heads of the departments recommended them for promotion.
