PLATINUM ESSENTIAL FOR WAR

BISHOP SPEAKS TO CRIMINAL SOCIETY

Rome was Sunday night by the National Association for the Conservation of Gold and Silver, and the Woman's National League for the Conservation of Platinum.

The Woman's National League for the Conservation of Platinum was formed recently by Mrs. Spear, and is already well organized in several states. In the state of New York, the platinum was first introduced into the country, and the league is now pushing in other parts of the country.

The platinum is to be used in the manufacture of explosive shells, and the league is asking all women to help in this important work.
