COMMUNICATIONS OF INTEREST

To the Editor of the "Tech"

As many of the graduates and undergraduates of Tech are undoubtedly interested in the student's job and welfare, and I think it interesting to all engineers, I would appreciate if you could bring some of our young men to a meeting of the Technology Club of Philadelphia, which it is planned to hold at the Trocadero Hotel, in the near future. This meeting will be advertised in the student press, and all exposures, $4 to $10 weekly.

The annual national match will probably not be held this year as the finalist is the only set that left this spring and the matches of last year were not satisfactory. The matches will be held on Saturday afternoon.

The faculty is sending a good large set of the courses of the school.

Sincerely,

Dancing Creek days and evenings, daily rentals, city, and interurban railways.
