I have been told that you have frequently called upon the good ship "Nam" to make one of its peculiar voyages. The name of the ship is familiar to those who have served there, and it is a name that has come to stand for something more than just a vessel. It is a name that has come to stand for the spirit of adventure and exploration that is at the heart of our society. The ship is a symbol of the courage and determination that it takes to explore new territory, and it is a reminder of the importance of pushing the boundaries of what we thought was possible.
