The Walker Dining Service Should be Privately Managed

For the last seven months we have been getting our meals at the Walker Memorial. We have found the quality of the food there as good as that of any other dining room on campus, and the prices reasonable. We were very well satisfied and would have had it again today, but, last week we had a visit from a house party which was intended to last only a day, but turned into a three-day storm. One thing we did learn was that it was best to cross the river for dinner, not once, but several times, and the effects of our pilgrimages were to dislodge us from the table. For each meal the students are responsible for the opinions expressed in the editorial columns, and the Managing Editor for the error which appears in the news columns.
