BARRACKS TO BE ERECTED

Work has been received from the War Department in regard to the erection of barracks for the S. A. V. C. which will be sublet by the latter to the National Guard. This work will cost about $10,000. Pottery and supplies will be furnished at the Government's expense. The work was expected to be tendered by the War Department. The same in the new lease to be secured.

The program during the calling of the roll of all young men throughout the country will be carried out in a methodical manner. Free medical and dental help will be available to all men who so desire. In addition, the public health will be maintained by a committee of experts in the respective fields.

The resignation of the following men from the ranks of the military forces in France and the increasing number of doctors who are leaving and registering either by personal will or by request upon their conscription to the front has led to a decrease in the number of men available for the training of the officers of the college. Final determination will be made upon the matter by the War Department. It is thought that consideration will be given to the possibility of using the surplus of officers for particular kind of service, including the use of the best in their lesser service in the training of officers.

It was moved, seconded, and laid on the table for further consideration.

A record of continuous service in the American School of Technology for over thirty years. It is urged that all editors give the attention due to this matter. It will be sent to a non-commissioned officer of a non-commissioned officer of the day. The record will be kept by the Secretary of the Institute.
