TRUE PATRIOTISM MAKES SACRIFICES

The Sir Lawrence Smith Memorial, a bequest of $10,000, was announced by the Trustees of the Massachusetts Institute of Technology, who are preparing to erect a memorial building in memory of Sir Lawrence Smith, a graduate of the Class of 1862, and a distinguished engineer and scientist.

The Memorial is to be erected in the Cambridge area, near the Institute. The Trustees are working with architects and engineers to design a fitting memorial to Sir Lawrence Smith, who is remembered for his contributions to the field of engineering and his leadership in the advancement of technology.

The Memorial will be dedicated on October 20, 1918, at a special ceremony to be held at the Institute.

CHARLES B. W. REYNOLDS '93

Chairman of the Board

The Board of Trustees of the Massachusetts Institute of Technology has approved the plan for the construction of a new building to be erected on the Cambridge campus, which will house the Departments of Engineering and Applied Sciences.

The building will be constructed of brick and will be 12 stories high. The cost of the building is estimated at $1,000,000, and it is expected to be completed by the fall of 1919.

The Trustees are working with architects and engineers to ensure that the new building will provide adequate space and facilities for the Departments of Engineering and Applied Sciences.

The Memorial will be a fitting tribute to Sir Lawrence Smith, and will serve as a reminder of the importance of education and innovation in the advancement of technology.
