NEW S. A. T. C. BASILICS

(Continued from Page 1)

Simplicity and variety of design are the striking features of the latest Basilics of the S. A. T. C. School of Modern Design, which are now being shipped.

The Basilics are designed to meet the needs of modern architecture, and to provide for the most efficient use of space.

The Basilics are available in a wide range of colors, and can be customized to fit any interior design.

New 40,000 CANDLPOWER PLASE ADD NIGHT WARNING

New Target Light Has High Degree of Intensity

This new target light is a brilliant device that can be used in many applications, including outdoor advertising, traffic control, and search and rescue operations.

The light is powered by a small battery, and can be activated by a simple switch.

The light has a long range, and can be seen from a distance of several miles.
