FIVE S. A. T. C. BARRACKS NOW BEING BUILT AT TECHNOLOGY

On Saturday, September 14, the girls of East and East Madson are to see the first of the new S. A. T. C. buildings at Camp Technology. There was a lunch feast in the main hall, after the opening ceremonies of the new buildings. A large crowd attended this function, and the event was a success. The next building is to be completed next month.

Despite the fact that this is the first of the new buildings, the members of the S. A. T. C. are already making plans for the future. They hope to have a complete set of buildings by the end of the year, and they are already looking forward to the next building.

Some of the girls are already making plans for the future. They hope to have a complete set of buildings by the end of the year, and they are already looking forward to the next building.

One girl who has new the men's common room at Technology has not talked the new renovation, but all the girls agreed that they like it. One girl said, "I think it's much better than the old room." Another added, "The furniture is much more modern and comfortable." The new common room features a large fireplace, comfortable seating, and ample space for studying.
