Change in Faculty

(Continued from Page 11)

Capt. E. F. Wells, assistant engineer-in-charge,
was in charge of the electrical work on the
University Hospital power plant. Capt. A. F.
Brown, electrical inspector, was in charge of
the gas system; Capt. W. H. McKeever, engi-
nern in the mechanical department, was in
charge of the heating plant and ventilating.

MAJOR R. F. Needham, Assistant Chief
Engineer, returned from New York, where
he attended the meeting of the American
Society of Naval Engineers. He received a
number of letters from the field regarding
the work being done at the Institute.

Bachelor of Atrocities

In the vicious gutteral language of Kultur, the
degree A. B. means Bachelor of Atrocities.

Are you going to let the Prussian Pyrite strike
at your Alma Mater, as it struck at the Univer-
sity of Lvovlain?

The Hohenzollerns forgery aims at

the wagon of decency and cul-
ture that your college stands for.

It leaves a track so
terrible that only whispered frag-
ments may be recovered.

It has

tipped all the world-old romance

of war, and reduced it to the
dead, black depths of muck, and

mud, and filth.

You may soon be called to

fight. But you are called upon right
now to buy Liberty Bonds. You are
called upon to sacrifice your own

valuable interests and comfort,

for the sake of the public

good. Let no man say that you

are not fulfilling the spirit of the

war bond, and that you are not

patriots. You are.

Send a small sum in order to

purchace a Liberty Bond.
