The only way of getting things across the
University is through the courtesy of men going
over. We urgently ask that those who can take
anything from a pair of socks to a trunk over with
them to get in touch with us.

ARROW Soft Collars

Very superior in fit and wear. It pays to ask for Arrows.

STONE & WEBSTER

FORECE public utility developments.

EAT AND Sic Hill scientifically.

DIRECTORS owning public systems, electric
subsidies developments, transmission
works, city and介绍说 operations, gas plants, industrial plants and

CONTRACTORS either from our own desig-

nors or those designed by other engi-

neers or architects.

REPORT on public utility properties,

projected extensions or new projects.

MANUFACTURERS, light, power and

gas companies.

Now in this Modern Training Corps. With money we are free.

But, one by one, they sock it to us, 

Then we are promptly killed. 

At wheel of all varieties.

Were going without fail.

That of this group a sunny spot

Theyafl first seen, direct from Tech.

But at the rear we subdued.

And turn to the East to us.

Now we know if we are there, 

We'll see it on Craig's Tower.

Arrows

Oh life is full of ups and downs,

On life is full of smiles and frowns.

Such is life, and we have been.

To save our life in only one,

No longer, stop and think.

Chorus

Oh life is full of ups and downs,

On life is full of smiles and frowns.

Such is life, and we have been.

To save our life in only one,

No longer, stop and think.

We save our life in only one,

No longer, stop and think.

Chorus

Oh life is full of ups and downs,

On life is full of smiles and frowns.

Such is life, and we have been.

To save our life in only one,

No longer, stop and think.

Oh life is full of ups and downs,

Oh life is full of smiles and frowns.

Such is life, and we have been.

To save our life in only one,

No longer, stop and think.
