INITIAL ISSUE OF TOO DOO TO APPEAR FEB. 10

The following letter has been written by Mr. J. C. Cattell torlen to the Editor of THE TECH explaining the plans of the Technical Department of Technique 1919.

Dear Sir:

On the day of the TECHNIQUE 1919 the board will present a copy of TECHNIQUE 1919 to the initial members as a Fraternity which has emulated the Greek's policy with the same creditable effection of material. The book will be marked on the cover with the name of the writer in gold letters. It will contain the official catalogue and it will also be marked with the names of the group. In the interest of everyone, it will be so largely and highly considered as that of a group.

Such an up is all that original and unique books--both academic and instructional--and turn it in. It may be in the form of cartoons, "bears," short poems, Limericks and humorous articles--to sketch, and everything that is in the spirit of Techl life, the S. A. T. C. or otherwise, that will make for a successful contest.

There will be a call about February 6th for the first installment and another two weeks later. The exhibition submitted at both of these calls will be bound together at the last of the month. From the time that it is submitted to the date that Technique 1919 appears the Board will hold full interest in all material. After the book appears the Board will not reclaim any of the material not used.

Technique 1919 is not to be a "Picture Book." The many reasons to the effect that nothing except photographs can be included in this year's publication are not so many but what are necessary to make Technique a book of interest to everyone and pertinent to the life of the student.

The rules governing the contest are
1. That the Technique is not to be a "Picture Book.
2. That an effort must be made to include every student's work. It is true that the Technique is not to be a "Picture Book.
3. That the Board will hold full interest in all material. After the book appears the Board will not reclaim any of the material not used.

There's Nothing Better
