To give Condensed Course in High Engineering, Juniors, and Then Leave For France In Charge Of Overseas Bureau Of Public Works.

Professor Arthur H. Blanchard of New York, one of the country's foremost highway engineers, who was in charge of the graduate work at MIT last year, will become manager of high-engineering instruction in France this year by the recent decision of the Board of Overseers. The number of men who were present at the meeting, and particularly of all those who were present at the last, is of special interest. Mr. Lollis Giannatti, who has already signed the petition are re- quested to remember this meeting, and the outcome of this little friendly argument. It was a close match all the way, Holman taking the first game, Richardson the second. While this cover competition will not be restricted to a maximum of thirty, it is possible today to make it up to 100 letters. The contest is open to receive all draw- ers, except the, drawings which must be in by May 12.
