

RESULT OF HARVARD MEET DISAPPOINTING

Crimson Track Men Win Contest
Saturday By Score of 73 to 44
—Technology Fails to Come
Through on Pinch

WIND CAUSES SLOW TIME

Technology's Track Team, the team which was held in greatest fear by "Pooch" Donovan of Harvard in the outdoor track season of this year, went down to defeat before the Crimson flyers on Saturday, on Tech Field, by the score of seventy-three to forty-four. The result was decidedly a blow to all who had counted on a victory because of the excellent material which coach Frank Kanaly has turned into a well-balanced team. The defeat was due chiefly to the inability of the Technology track men to come through in the pinches where they were opposed by men of excellent ability from Harvard. The contest was interesting and exciting; the mile, quarter mile and half mile events arousing the stands to violent cheering. The Harvard men,

FILING SYSTEM STARTED

T. C. A. Making Card Index of
Students in Activities

The T. C. A. is starting a new card index of the students in activities. The cards will be kept up-to-date from now on by information obtained from THE TECH, but in order to get it started the T. C. A. needs the help of the students themselves. A number of these cards will be left at the offices of the different activities, and if each student who is in activities fills out a card as soon as possible, the association will soon be able to determine "Who is Who" at Technology.

FRESH FOUR TO ROW

Will Race Rindge Tech Over
Half-Mile Course

The freshman crews are now ready to begin the rowing season, and the "four" will have its first race this afternoon at 3.30. The race will be with Rindge Tech of Cambridge over a course of one-half mile, starting just below the B. A. A. Boat house and finishing a little above Harvard bridge.

It is expected to be a peppy and fast race as both crews have been showing fine form in their practice spins. The odds, however, seem to be slightly in favor of our crew, as they have been doing excellent work during the past week and have developed a stroke that is hard to beat. The finish will undoubtedly be a very close one and should furnish a chance for all those interested to see an exciting race.

The first freshman four is a snappy combination, having been picked from a large number of candidates. Blanchard, who was selected captain, last Monday handles the stroke and has proven himself very capable of pulling in that position. Knutsen and Fisher, two other huskies, pull numbers, three and two respectively, and the bow is safe in the hands of Greening a man who has had a great deal of practice in that position and who has shown himself very capable of handling it, although it is the hardest position in the boat. Folinsbee has been picked to coxswain this crew and should bring them through winners as they are undoubtedly a winning combination.

The freshman "eight" that made such a good showing Field Day will have its second race of the season next Saturday, May 10, against the Harvard second freshman crew. The combination will be practically the same as for the Field Day race and is expected to pull a race that will leave Harvard far in the rear.

MUCH NEEDED IMPROVEMENT WELCOMED BY INSTITUTE

General satisfaction is being expressed by the professors and students of the Institute over the long deferred repaving of Charles River road. In finally deciding to put in a semi-permanent paving of Bitulithic the city has, it is thought, expended money in a much needed public improvement.

DINNER GIVEN FIELD DAY CONTESTANTS

Over 100 Attend Honorary Function
In Walker—Hear Dr.
Rowe, Dean Burton and Dr.
Rockwell

TEAM CAPTAINS ALSO SPEAK

The eighteenth annual Field Day banquet, given to the teams participating in the Field Day sports, was held last Saturday night in the North Dining Hall of the Walker Memorial. Nearly a hundred of the one hundred and fifty Field Day heroes attended, while many of the Field Day promoters were present. Prominent among these were Dr. A. W. Rowe, chairman of the Athletic Advisory council who acted as toastmaster, Dean Burton who spoke on the origin of Field Day and of previous Field Day banquets, and Dr. Rockwell a prominent Alumnus of the class of '96. Dr. Rockwell who is a past advisory council chairman, has just re-

CHEMICALS HOLD SMOKER

A. K. Church '92 To Talk On
Soap Manufacture

Friday night at 7.45 in the North Dining hall, in Walker Memorial, Mr. A. K. Church '92 of the Lever Bros. Soap company will talk to the members of the Chemical society on "The Manufacture of Soaps and Glycerine." Mr. Church has charge of the laboratories of the Lever Bros. company in Cambridge, as many of the members of the society will remember who went on the trip through the factory. Smokes and eats will be served.

ELECTRICIANS TO TAKE TRIP TO GENERAL ELECTRIC PLANT

Invitation Extended to Other Societies
To Accompany Them.

A special invitation has been issued by the Electrical Engineering society to all the other professional clubs of the Institute to accompany them on their trip to the plant of the turbine department of the General Electric company in Lynn. Parties will leave the Electrical Engineering society headquarters, room 10-203 at 1.15, and at the North Station at 1.35 today, May 7 and Friday, May 9. The trip will take the entire afternoon and it is not expected that the parties will reach Boston on return until shortly after 5.00. This will be the last trip of the season, and the number who may go will not be limited.

This trip should be especially attractive to Mechanical Engineering men. The construction of all steam turbine and turbogenerator sets up to 3000 kilowatts is to be gone over from shaft to steam buckets and nozzles.

RIFLE CLUB WILL SHOOT ON RANGE AT WAKEFIELD

The Rifle club will take fifteen men to the Wakefield out-door range every Wednesday and Saturday afternoon when the members will have the choice of shooting Enfield or Springfield rifles on the 200, 300, or 500 yard ranges. The letters R.T.T. may be given at the discretion of the Advisory council, to any man if he is an exceptional shot on this range; a straight T may also be given by the Advisory council. Another chance to get the R.T.T. is for a man to have his score count in two-thirds of the matches of the rifle team provided this team is among the first third in the N. R. A.

Matches 6-9 must be shot off before May 7 and match 10 before May 10th.

MAJ. JOHN A. ROCKWELL IT BACK FROM FRANCE

Went Overseas Last June as Chief
of Base Hospital No. 44—Tells
of Wonderful Fighting Qualities
In American Soldier

LAUDS PARIS BUREAU

Major John A. Rockwell has just returned from France after many months of service with the Medical corps. Dr. Rockwell has been a member of the Alumni council on athletics and until his connection with the Medical corps was medical advisor of the Institute. After graduating with the class of '96.

STUDENTS CELEBRATE CLOSE OF FIELD DAY

Tech Night At Sinbad Welcomed
With High Spirits—Uproar,
Streamers and Balloons Feature
During Intermission

AL'S DISPOSITION SUFFERS

Tech night was enjoyed by several hundred students last Friday evening; it was endured by several hundred more, and almost a thousand Technology men suffered during the entire performance of "Sinbad." The show was fairly well attended the house was not full, but enough outsiders were there to fill the orchestra.

The show started at schedule time, and all present were in the mood for spending an evening of fun with the rest of their classmates. There was a prevailing spirit of levity, due more or less to the fact that the Field Day just ended was the last which could be celebrated in the way it deserved to be, for many of the men had been celebrating. The noise was considerable, and the people coming in caused so much confusion that before the show began the excitement could have been predicted. Cheers for the classes were many, and it was the appearance of the famous "Al" Jolson that put a stop to the uproar. The usual type of curtain speech was delivered, "Al" said that he

(Continued on page 4)

FINAL BOUT DELAYED

Ownership Of Fourth Boxing
Cup Decided Later

The final bout which is to determine the championship in the 158-pound class will be held at the next Institute smoker. It was not fought off on Field Day because in the preliminaries which came off last Thursday, Rosenfield, one of the contestants, hurt his hand to such a degree that it was impossible for him to take part. Brokaw is the other contestant for the cup.

It is of interest that Addicks, the winner of the cup in the 125-pound class, fractured his wrist last Thursday night in the preliminaries. Next summer there will be an outdoor boxing class conducted by the present coach, Mr. Boutillier for any who may be interested. The expense connected with this course will be small so that it will be within the reach of the average student. Mr. Fitzpatrick, hearty sponsor of boxing, who was the donor of the cups, and who is showing a great deal of interest in the progress of the manly art at Technology has been the recipient of much thanks on the part of the students.

FINANCE COMMITTEE
HAS MEETING
Finance Committee Reports are
due Saturday, May 10.

CALENDAR

Wednesday, May 7

- 1.15—Electricals trip to General Electric Company at Lynn. Meet in Room 10-203 or North Station at 1.35.
- ..Meet in Room 10-203 or North Station at 1.40.
- 5.00—Orchestra rehearsal.
- 7.45—C. E. Smoker Dormitory Dining Room, Walker Memorial.
- Thursday, May 8
- 5.00—Orchestra rehearsal.
- 6.00—Swimming team banquet in Walker.
- 8.00—Catholic club smoker, Room 2-190.
- 8.00—Cosmopolitan club elections, Room 10-267.

Friday, May 9

- 1.15—Electricals trip. Meet Room 10-203, or at North Station at 1.35.
- 2.09—Naval Architects trip to Fore River. Take train to Quincy at South Station; track 22-25.
- 5.00—Orchestra rehearsal.
- 7.45—Chemical society smoker, north dining hall, Walker Memorial.

DINSMORE ELY, "A TECH MAN"

SAID:---

*"And I want
to say, in closing, if
anything should happen to
me, let's have no mourning, in
spirit or in dress. Like a Liberty
Bond, it is an investment, not a loss,
when a man dies for his country. It
is an honor to a family, and is that
the time for weeping? I would
rather leave my family rich in
pleasant memories of my life
than numbed in sorrow
at my death."*

WHAT WILL YOU DO FOR YOUR COUNTRY?
