VODO IS SUCCESS
Third Issue of Institute Joy Book
Sells Rapidly

The third issue of Vodko made its appearance in the print shop yesterday, brilliant in orange and black, in which the tie of "institute of the future" and the "animal farm" is issued in the May Vovo, the principal purpose of which is to have one of the last meetings in the middle of the wearilngness of the average student, and to make the public aware of the existence of the institute.

Meredith, painted, and posed, the last time Vovo appeared on the scene, the young man had already made up his mind. He also carried a plan for the future of Vovo, and for the future of the student body. The plan, he said, would be followed in the near future.

Meredith, more sly, and posed, the last time Vovo appeared on the scene, the young man had already made up his mind. He also carried a plan for the future of Vovo, and for the future of the student body. The plan, he said, would be followed in the near future.

VINDICTIVE FLORAL FESTIVAL

The Vindictive Floral Festival is one of the most anticipated events of the year. Students, teachers, and staff all come together to celebrate the end of the academic year and the beginning of summer break.

The festival is held annually on the last day of school, and features a variety of activities and competitions. These include a flower bouquet contest, a best dressed contest, and a best designed float contest.

The flowers used in the festival are donated by the local florists, and the proceeds from the event are donated to a local charity.

The festival is a great way to celebrate the end of the school year and to enjoy the warm weather.
