**N. E. INTER-COLLEGIATES**

(Continued from page 1)

expected to compete on account of injuries received in a motorcycle accident last week. Dandrow '20, is in prime for the hammer throw and Nagel '21, for the pole vault. If Wink Rollins '19, is not in too poor condition after the 100-yard and 200-yard dashes, he will undoubtedly place in the shot put. Placing in all three events will probably make him Technology's high scorer.

With a hot sun, the track will be in fine condition. The past two Saturdays have been bad for track meets and slow times have resulted for nearly all New England colleges. For this reason it has been hard to pick a winning team for today. Wesleyan, Brown, Bowdoin and Technology look to be the most formidable of the colleges entered with a slight shade on the side of the latter two. Wesleyan has two very exceptional men entered, Captain Keeler in the dashes and Wagner in the broad jump. Brown has Mullane, a fast man in the dashes, and Nichols, a sure winner in the weights. These two colleges have not enough men distributed over the fourteen events, however, to be considered as winners.

There will be in the vicinity of 200 athletes to take part in the games and the referee, Major Briggs, will have his staff of assistants on their toes at all times to have the meet run smoothly. In the dashes there will be four or five heats for each event. The field events, on account of the large number of entries, will take the greater part of the afternoon but with the meet starting at 1.45 the last event should be finished by 4.30 or earlier.

**SUMMER BOXING CLASS**

(Continued from page 1)

on account of an injury to Rosenfield's hand. Mr. Fitzpatrick will referee the bouts.

Mr. Boutelier has had a long career as a trainer and fighter. He has won the 158-pound national amateur championship of America, as well as the 145-pound class, and has acted as trainer and sparring partner for "Sam" Langford, the well-known heavyweight. It is the general consensus of opinion among the members of the present class that no better instructor is obtainable than Mr. Boutelier, as he has developed many Institute men, starting as novices, into clever, scientific boxers. It is urged that everyone who intends to join the class come out promptly, so as to get as much experience as possible in the short period of summer school.

**FRESHMAN CREW VICTORIES**

(Continued from page 1)

four rows Pomfret at Pomfret, Conn. The course will be one half mile over the regular Pomfret course. As a Pomfret shell will be used the four went down yesterday afternoon, to try a few practice spins over the course and to get the shell rigged correctly. The four who will row are Greening at bow, Captain Blanchard, 2; Knutsen, 3; Fisher, stroke and Folinsbee, cox.

This same four will finish its season on Wednesday, May 28 in its race with Brookline. The second freshman eight rowed its first race Wednesday. They rowed against one of the Harvard freshman crews and were beaten by about four lengths. For a very light crew, having no experience in racing

this was a very fair showing and except to profit by the defeat defeat Tufts in their race at Tuesday, May 26. They will the race with Brown at bow, baum, 2; Sterling, 3; Allen, 4; P. ton, 5; Ward, 6; Brun, 7; Captain stroke and Coughlin, cox.

## THE TURKISH CIGARETTE

**All the world  
loves a lover —**

And all discriminating  
lovers of cigarettes love  
Murads—

Because Murads are pure Turk-  
ish, the world's most famous tobacco  
for cigarettes.

And the Fame of Murads grows  
and grows and grows—they are 100  
per cent Turkish, and they are 100  
per cent popular with connoisseurs  
everywhere.

It is true that "ordinary"  
cigarettes cost a trifle less.
