McCRUDDEN '00-SARGENT 10; director of laboratories, Robert B. Service, U. S. A. General Hospital No.1. McCrudden is chief of Laboratory chemistry at Simmons College. Capt. McCrudden, Medical Corps, U. S. A., on leave to save nothing of more or less studying—Boston Transcript.

... becoming accustomed to dropping into the library in all the latest magazines, novels and detective stories. 

... mind away from studies for a while—no engineering, no culture—Carole Friday, Cambridge 62G5.

A. Clarke '21 ..................... Managing Editor

THE TECH retains to announce the resignation of Scott H. Wells '20 as Circulation Manager, and E. K. Kurth 21 as Assistant Managing Editor.

Alumni Notes

MCCRUDDEN '00-SARGENT

The marriage is announced of Miss Frances Virginia McCrudden '00, daughter of Capt. Frank McCrudden, of the military service, Captain and Mrs. Henry McCrudden 21, director of laboratories, Robert B. Brigham Hospital, and professor of anatomic pathology, Tufts Medical School. He was graduated from the Medical School of the University of Chicago in 1908, and later received his M.D. from the University of Chicago (1910). McCrudden is chief of laboratory service of the hospital, and has also held the office of president of the Massachusetts Academy of Science.

PYLE '19-FLETCHER

The marriage is announced of Miss Mary Jane Flett '19, daughter of Mr. and Mrs. T. W. Flett, of Worcester, and Mr. and Mrs. Robert E. Flett, of Westford.

SEE YOU IN THE WALKER LIBRARY!

Do you make the new Memorial Library your lounging room in off hours? If not, why not?

Let us give you a few tips as to the kind of place we have over here. You will find the books just what you want to get your hands on. From studies for a while—no literature will do so culminate— all the latest magazines, novels and detective stories.

Come up and get into some live arguments on some current topics. Get interested in things that happen outside your classes.

By becoming accustomed to dropping in to the library in your off hours, you will meet many students in the afternoon in the quality of your classmates when you wouldn't meet any other way. Not only men in your class, but men in other classes.

You commuters—don't run for the first car or train you can get home after your last class—drop in the library and let us set it to know you.

Get the slogan—"See you in the Walker Library!"

AFER all, isn't the joy of attending the class selections a fine experience for the four years of printing footballing, baseballing, tennising, rowing, churning, etc., etc., to say nothing of more or less studying—Boston Transcript.

Ask any Tech man, he knows it! 

THE TECH regrets to announce the resignation of Scott H. Wells '20 as Circulation Manager, and E. K. Kurth 21 as Assistant Managing Editor.
