PRINCETON WINS WITH SYRACUSE SECOND

The Technology Cross Country team made an auspicious start at what promises to be a very successful season on Saturday, when they took the lead in the first big invitation cross country race in the state.

Princeton won the title in which colleges of the East sent their best men and women to Syracuse, which had men finish first and second for individual honors, placed second.

PLANS FOR DORMITORY DANCE ARE ATTRACTION

Tickets Are Now Nearly Exhausted

Tickets for the residence dance on Friday evening for members of the faculty and of the sophomore, junior, and senior classes have been exhausted. There are about 450 tickets still in reserve.

The dance is to be held in the senior dormitory on Friday evening, October 25, at 9 o'clock. The orchestra will be the Princeton University Band, and refreshments will be served from 7:30 to 9:00 o'clock.

INDOOR RINK TO OPEN

Former N. A. D. Receiving Ship

Will Become Hockey Arena

The N. A. D. receiving ship, which was purchased by the Navy Department and is now at the naval training center in New York, will be used as a hockey rink for the winter season.

The ship was inducted into the navy in July, and is now being prepared for use as a hockey rink. The ship is about 400 feet long, and has a capacity of 1,500 spectators.

The rink will be opened to the public on December 1, and will be open every Saturday during the winter season.

CAMPUS EXPECTED TO PRODUCE RESULTS

Professional Societies Inaugurate Drive For More Members—Slogan "Join Your Society"—Many Benefits Derived

HEADQUARTERS IN MAIN LOBBY

The social and intellectual life of the campus is expected to be highly active during the coming year as a result of new activities planned by the professional societies.

The drive for more members is being conducted by the various societies, and the slogan "Join Your Society" is being used to attract new members.

The societies are expected to derive considerable benefit from the increased membership, both in terms of greater interest and activity on the part of the members, and in the increased prestige which will be conferred on the campus as a whole.

Some of the benefits that will accrue to the members of the societies include:

1. Increased social activities, both on and off the campus.
2. Access to information and resources, through the societies' publications and contacts.
3. Opportunities for leadership and service.
4. Increased prestige and recognition.

The drive is being conducted in headquarters set up in the main lobby of the campus, where prospective members can obtain information about the various societies and their activities.

The societies are also being cooperated with by the dormitories, and are planning to hold meetings and social activities in the dormitories as a means of attracting new members.

The drive is expected to be highly successful, and it is anticipated that the number of members of the various societies will increase significantly as a result.

WILL REUNITE ON NOV. 1

Technology Overseas Men To Have Get-together at Lemen

Lemen, New York, November 11—The Technology Overseas men will have a get-together on November 11 at the Hotel Lemen, Lemen, New York. The purpose of the reunion is to provide an opportunity for members of the society to meet and exchange information about their experiences in the overseas service.

The reunion will be held at the Hotel Lemen, which is located a short distance from the site of the American Council of Engineering Societies headquarters in New York.
