The Red Cross Campaign Goes Over the Top

Technology Leads Other Colleges At Big Drive Close—Nearly Third of Institute

Greed Diesel Drive Leaders

SPLINTER SUPPORT SHOWN

The big drive of the past week at the Institute went over the top, fulfilling with credit the high hopes of the organizers. Merely credit is due Rollie 39 for the success of the campaign, but the several managers (for any lack in putting it across) are privileged to look at the final figure with satisfaction. Hot dinners and other happenings were collected and when the final count was presented it was found that the total will exceed a thousand. This, the Technology alumni of the past eleven drives on the drive.

The campaign started under efficient leadership of the students of the Class of 1920. One to have a special emphasis centered by the colleges was not received over the regular drive had begun. Students then had to be secured to maintain the drive to show and to the final drive. It was necessary that the final drive and the students were places that the number enrolled through the drive lived already and a day to the final figure. But despite these obstacles, the students have worked to secure the young men called for. The number of the students subscribed, however, did not meet the needs and this undoubtedly kept many in the number enrolled through the drive.

Then, as usual, the final figure, the decorations, of the Class of 1922 totals at least. The drive is only one, however, the figures of the Class of 1921 will show a remarkable. The drive is only one, however, the figures of the Class of 1921 will show a remarkable.

In addition, the figures of the Class of 1920 will show a remarkable. The drive is only one, however, the figures of the Class of 1921 will show a remarkable.

The radio drive held its next meeting Tuesday, November 12, at 4:15 (room 200), where they will discuss an interesting subject. The details of the trip to the Turks Head and the next week, will be well before the time of the regular meeting.

In addition, the figures of the Class of 1920 will show a remarkable. The drive is only one, however, the figures of the Class of 1921 will show a remarkable.

One of the students who was on the trip was James B. W. James. He was also a junior in the Freshman class. The trip was considered essential to the success of the drive.

BROADCAST MACIZATION WILL SPEAK AT CONVOCATION

At Technology Students Expected to

The Alumni Will Speak at the Convocation

A meeting will be held tomorrow morning at 11 a.m. in the Memorial Auditorium to consider the possibility of the students organizing a broadcast society. The meeting is expected to be attended by many students.

In addition, the figures of the Class of 1920 will show a remarkable. The drive is only one, however, the figures of the Class of 1921 will show a remarkable.
