THE TECH

SCENARIO COMPETITION FOR THE SHOW PROGRESSES FAVORABLY

Several Promising Scenarios Are Being Developed

The scenario competition of Tech Show, progressing most favorably, and the management has no doubts whatever that the show is successful. As the story is received, this year's competition will be excellent. Twenty scenarios are already under consideration, and the majority are of a most promising nature.

Here is, however, one word of warning that Tech Show management wishes to give prospective scenario writers. This is that the time has arrived by December 2, when the show has been in the track of the prospective scenario writers. The right men can add my-

FRESHMAN PLAN S Cube SECRET

The freshman plan has been approved by the leadership of the University and is now in effect. The committee is keeping its eye on the freshmen, to see that they do not try to dodge the program. The freshmen will take part in all the activities of the organization, as will all the others.

Everywhere Admired

ALL CARS are good. Some are better. A few are really super—master creations, everywhere admired. See the latest Winton Six, and you will instantly recognize a most distinguished car—delightful to behold, a joy to own, a car that makes you feel good all over. It is the newest, most refreshing of automobiles, with abundant power and comfort, extraordinarily beautiful, and—what is most im-
