COMPETITION STARTS

First Call for Music and Lyrics Comes Tomorrow

The Music and Lyric Committee of Tech Show has been reduced this year from seven to three members, consisting of Frank Gage '21, E. D. Ryer '20, and William Hedlund '20. Competition in this department starts tomorrow at 5.00 in the Show office, room 301 Walker Memorial. Samuel Chamberlain '20 has been appointed scenery director and men interested in this branch of the Show will be notified later as to when active competition starts.

All scenario writers are requested by the committee to hand in lyrics as well. This is done because the writers themselves know best what songs are needed and therefore would have a better chance to produce first class material. Completed work is not necessary tomorrow for it is desired just to get a line on the number of competitors.

The second Tech Show Smoker, formerly known as the Kommers Smoker, will be held Friday, January 9, 1920 at which the author of Tech Show 1920 will then be announced and the stage, staff, chorus, and ballet will start their competitions.

CANADIAN CLUB ORGANIZES

Twenty-three of the thirty-six Canadian students at the Institute assembled in the Faculty room of Walker last Thursday to discuss forming a Canadian Club of Technology. Temporary officers were elected to appoint a committee to draw up the constitution and submit it to the Institute so as to get the club organized as quickly as possible. Next Thursday, a smoker will be given in Walker, the room to be announced later, with an informal dinner beforehand in the main dining hall of Walker at 6.30 o'clock. F. P. Flett, a special student, was the presiding officer. Plans were made and approved to get a table in the dining room reserved for the club where the members can meet and get to know each other better, and where Canadian papers will be kept. The temporary officers

ODD SIGNATURE IN VISITORS' BOOK IS AS YET A MYSTERY

In the visitors' register book of the Walker Memorial appears the name "John Pershing, Denver, Colo.," signed on Thanksgiving Day. This odd occurrence has caused a good deal of speculation as to who the person is that wrote the name. That it is not General Pershing is quite evident from the fact that he does not live in Denver, nor does his signature, facsimiles of which have appeared in newspapers and magazines, in any way resemble the one in the visitors' book. The man is not a graduate of the Institute, for there is no record of him in the Alumni Office. From present indications the matter will remain unsolved indefinitely.

INSTITUTE COMMITTEE MEET

(Continued from Page 1.)
M. I. T. A. A. was reinstated on the Committee after having been dropped for non attendance at meetings. The Institute Committee decided that a booth might well be placed in the lobby for the purpose of selling Red Cross Christmas Stamps. A petition presented by twenty-three members of the freshman class for a new election on the grounds that the last elections were not sufficiently representative was voted on but not passed. The subject of new methods of elections is to be looked into. The M. I. T. Orchestra was granted a seat on the Institute Committee.

TECH CALENDARS FOR 1920

Cardinal and gray leather cover, embossed with the seal of the Institute. Pages contain cuts of sports and activities.

On sale Wednesday at the Coop. and Walker.

MURAD

THE TURKISH CIGARETTE

There is always a reason why!

MURADS are made of 100% pure Turkish tobacco—the world's most famous tobacco for cigarettes—grown about the Black Sea, in the Orient.

MURADS are also the world's largest selling high-grade Turkish cigarette—and their greatest increase in sales in any year was in 1919.

Now don't you agree, there is always a reason?

It is true that "ordinary" cigarettes cost a trifle less.

Judge for yourself—!
