CAPTAIN ELECTED

W. K. MacMahon Chosen to Lead Hill and Daler

W. K. MacMahon, '21, Technology's senior class presi-
dent for the year 1920, has been elected president of the class of
1920. The senior class turned over its profits, as usual, to the Fund and
have put on a show which is expected to raise over $3,000 for the
library of the Undergraduate Committee.

MACMAHON STATEMENT

The delegate to the New Men's Committee will hold a dance tonight at the Walker Memorial Gym. The delegates, in order to be turned over to the treasurer, Mr. Charles H. C. Baier, has been engaged to furnish the music for the dance. The Committee Men's social committee will be presided over by Captain E. C. Collins, '21, and the dance will be under
the guard of Major C. P. Collins, '21. Tickets at one dollar each.

MISCELLANEOUS

In a letter to his mother, who is himself an old Technology
alumni, addressed a total of 289 polite invitations to his mother.

DAVID CARB SPEAKS TODAY AT 11:15 WALKER MEMORIAL

FORDER INSTRUCTOR WILL SPEAK TO STUDENT BODY

Lieutenant Carb of the French Army to Address Undergraduates at Mass Meeting in Walker Memorial Today

TALKS ON 'UNDERSTANDING FRENCH''

Lieutenant David Carb, formerly of the instructing staff
of the Institute, who has very recently returned from France,
will address the student body of the Institute at a mass meeting
in the Walker Memorial Gym this noon at 1:30 o'clock.
The theme of his address will be 'What We Can Gain by Under-
standing France.' Lt. Carb's experiences during the war and
since, have given him a unique opportunity to study the French
people from within, and incidentally to view France from the
standpoint of the foreigner. Traveling in the uniform
of a French officer, he is invariably taken for a foreigner,
and in this way is enabled to see a side of the American
character which a native of the United States seldom has
represented to him.

ON THE ICE

The date for the second of Tech
candidates in the Near Future

Among Alumni and All Men

The twenty-first annual vacancy of the American Society for
the purpose of selecting new members in the faculty dining room
at the Institute, will address the student body of the Institute at a mass meeting
in the Walker Memorial Gym this noon at 1:30 o'clock. The
theme of his address will be 'What We Can Gain by Under-
standing France.' Lt. Carb's experiences during the war and
since, have given him a unique opportunity to study the French
people from within, and incidentally to view France from the
standpoint of the foreigner. Traveling in the uniform
of a French officer, he is invariably taken for a foreigner,
and in this way is enabled to see a side of the American
character which a native of the United States seldom has
represented to him.
