SOCCER TEAM ENDS SUCCESSFUL SEASON

Having Lost But One Game in Five Matches, The Tech Team

Look for M. L. T. A. Support During Next Year

CAPTAIN WILL BE Elected Soon

The Tech Soccer Team, as called because it is not recognized by the M. L. T. A. as fulfilling the requirements of a college team, made a very creditable showing in the recent matches. It is only fair to say that the results have not as yet come, but the interesting point in the season has been the improvements which have been shown by the players. The Tech Team has been able to score more goals than it has allowed to the opponents, and it is only a matter of time before the team will be able to hold its own with the other teams.
