POWERFUL WIRELESS STATION COMES INTO OPERATION TO-A-DAY

(Continued from page 1) At the present time, the W.T.F.T. Station is the only wireless station in the world that is equipped for the aerial production of wireless sound. This station, in its daytime operation, will bring forcefully before the world such a new world as has never before been seen or heard. Under the leadership of F. W. Frawley, the station is now being operated under the direction of Roy Appleton, E. W. Hammond, and A. H. Clark.

GOVERNMENT AUTHORITIES

nder the government to coordinate all educational and scientific activities of the United States, the Department of Commerce is now engaged in the development of a nationwide system of educational and scientific wirelSS stations.

AERIAL DEPARTMENT DIRECTLY

The Department of Commerce has been given the responsibility of coordinating all educational and scientific activities of the United States. The Department of Commerce is now engaged in the development of a nationwide system of educational and scientific wireless stations.
