COLUMBIA TAKES DRASTIC STEPS

OE college has taken rather drastic steps in an attempt to control the slackening of undergraduate attendance. The students in Columbia College in the City of New York have adopted the Students' Residence Rule Petition submitted by the faculty by an overwhelming majority. As submitted to the students, it contains the following provisions:

1. Every student who is a candidate for a degree in Columbia College must reside in a dormitory or a fraternity house, or in the home of his parents, prior to receiving his degree.

2. The Freshman and Sophomore years are required as a residence period at the College, unless the student is approved to reside elsewhere by the Committee on Residence.

3. Students matriculating this year, or having previously matriculated, will not be subject to the new ruling but are emphatically urged to promote and comply with it.

4. The College shall make adequate provisions, by means of scholarships or special exceptions to the Residence Rule, for a limited number of students who would be financially unable to attend college otherwise.

The Freshman class (Class of 1899) held a meeting. It was voted that the constitution be amended so that one-quarter of the members of the class should constitute a quorum. It was also voted that the class dinner should be over at 12.00 o'clock and that no wine should be served. A quorum of the class was present. It was also voted that the class dinner should be over at 12.00 o'clock and that no wine should be served.

The characters are Scotch-Irish farmers who have been tied in practice. They are the family of a boxing team. It was voted that the team to use the rink for practice and to present the club to use the rink for practice. The team to use the rink for practice.
