SPEAK ON CHEMISTRY

SPEAK ON CHEMISTRY

The Most Satisfactory Publication I Have Ever Seen From the Undergraduates of a Technical School, Says Dean Barton

EACH COPY COSTS TEN CENTS TO PRINT

The first issue of The Tech Engineering News, as stated in its editorial, was put on sale yesterday. This new enterprise, the editors believe, will be totally different from anything which has been attempted in the past. It is definitely the result of a closer co-operation between the undergraduates and the Alumni and a medium for the exchange of ideas. It is an unqualified success.

One of the factors which resulted in the formation of The Tech Engineering News, is due to the fact that the men had no connection with any of their predecessors. They are to be congratulated on the excellent workmanship put into the first issue of The Tech Engineering News, which I have just received. The journal offers a censorship means for Tech men to keep in touch with each other's work and should be valuable in stimulating undergraduates.

User query:

What is the main focus of the news剪报?

The main focus of the news剪报 is the opening of the swimming season with Springfield, the condition of the Technology Tankmen, and the musical events scheduled for the evening. The Tech Engineering News is also mentioned as a new publication that aims to better communicate between the undergraduates and the Alumni. The剪报 includes various articles on different topics such as track trials, music concerts, and a speech on chemistry. The剪报还提到了一项新成立的学生会, The Tech Engineering News, which is supposed to serve as a medium for the exchange of ideas between the undergraduates and the Alumni.
