TECH SHOW COMPLIMENTED

THE Tech Show should rightfully feel highly complimented by the proposition offered them by the management of the Greenwich Village Follies. The entire student body has a right to share the feeling of pride which comes to those more intimately connected with Tech Show because it is a student product in every sense of the word. We have on numerous occasions heard rumors of Tech Show's superiority in college theatricals, but this offer changes rumor to fact and places Tech Show above any similar production in the country.

We regret that this offer can not be accepted and after seeing the Greenwich Village Follies we can easily understand the disappointment of the cast, ballet, and chorus. Perhaps it is best in the end because there are some valuable men connected with the Show whom we should not like to lose.

THE PRATT FUND

THE decision of the courts that Technology is entitled to almost a million dollars under the will of Charles Herbert Pratt, with which to endow and maintain a school of naval architecture, was received with elation by those who have the interests of Technology at heart. This fund will enable the completion of satisfactory quarters for the department of Naval Architecture and Marine Engineering and will place the Institute in a prominent position in this field.

TICKETS FOR APRIL FOOL DORM DANCE SELL RAPIDLY

Tickets for the informal April Fool's Day dorm dance are selling rapidly. It will take only a short time to dispose of the entire number of one hundred and fifty. The price for this dance is \$1.25 per couple, and the pastebards may be obtained at the Technology Branch or at Walker.

The Dorm Dance Committee announces that the patronesses will probably be Mrs. William Franklin, Mrs. Robert E. Rogers, and Mrs. Joseph Lipka. The dance will start promptly at 8.00 o'clock and will continue until 12.00, refreshments being served about 10.00 o'clock.

NEXT VOO-DOO COMPOSED LARGELY BY ARCHITECTS

The sixth issue of Voo Doo will be on sale in the main lobby this morning and is titled the "Bohemian Number." The material is contributed for the most part by the Architects, and include a lot of material adapted from the recent Art Exhibit. According to an announcement given out by the publicity department, the written matter in this number will be in the same general vein as in the past, the whole effect being quite Bohemian. Envelopes for mailing copies may be obtained in the main lobby at a slight cost.

JAZZ ORCHESTRA WILL PLAY AT C. E. SMOKER

Besides the two speakers, Mr. Leonard Metcalf '22 and Colonel Frank M. Gunby, the Civil Engineering Society is going to have a ten piece jazz orchestra to add to the occasion. As usual refreshments, this time consisting of "Ice the Apple," will be served.

The Civil Engineering Society is planning to start a Sanitary Engineering section. All men interested should attend this smoker which takes place at 7.45 o'clock in the north hall of Walker Memorial.

COMPLETE RECEPTION PLANS

Arrangements have been completed for the Junior Week Reception which is to be held at Walker Memorial from 4.00 o'clock until 7.00 on Saturday afternoon, April 17. The reception will include dancing and tea will be served. The patronesses will be Mrs. E. F. Miller, Mrs. H. P. Talbot, and Mrs. Everett Morss.

Tickets will be issued to the number of 500, the number being limited in order to avoid crowding the hall. These tickets will be available on application at a time and place to be announced later. Bert Lowe's orchestra will furnish the music for dancing.

BOOK IN BINDERY

Printing Complete—Redeem Signups March 31

The opening date for the redemption of signups for Technique 1921 has been set for Wednesday, March 31. Those desiring to get their books on the day of the rush must redeem their signups on or before Tuesday, April 13, two days before the event.

Provision has been made to mail the books to all those who desire to receive their copies by post. Technique 1921 requires however that all signups for books to be mailed must be redeemed by April 13.

The printing is now nearly complete, and the book is at the binders. This year the binder is being allowed two and one half weeks for his work instead of three days as last year. Also in the coming volume the inserts are being bound in whereas last year they were simply glued in place.

The board promises some brand new features at the rush. They also state that neither time nor money is being spared this year, one form being completely re-run because of a slight error.

FRESHMEN HAVE FOUR RACES

Four races have already been scheduled for the 1923 crew, in addition to the Harvard Regatta, which is held some time early in June. Last year the Freshman crew walked off with four of the five races in this regatta. All except one member of the former Sophomore crew has returned. Manager Steffian urges all candidates to keep in "fighting trim" and to cut out smoking altogether.

DEFEAT JUNIORS

Freshmen Show Improvement in Teamwork and Shooting

The interclass basketball league attempted to resume its schedule last Wednesday night. The surprise of the evening was the defeat of the Juniors by the freshmen by the score of 27 to 20. The frosh team played a fast game which showed much improvement over the last performance. Brimblecom of the Junior was the individual star making a total of 15 points. Chamberlain was the greatest point getter for the freshmen tallying six baskets.

Although the Seniors were scheduled to play the Sophomores not a Senior put in his appearance. The game will be played at a later date.

Summary: FRESHMEN 27

Chamberlain, 1 f.
Brennan, r. f.
Scott, c.
Adams, l. g.
Burchard, r. g.

JUNIORS 20

Arragoni, l. f.
Brimblecom, r. f.
Bachmann, c.
Wendler, l. g.
Leonori, r. g.

Goals: Chamberlain 6, Brimblecom 6, Scott 4, Adams 3, Arragoni 2, Wendler. Goals from fouls: Bachmann, Brimblecom, Brennan. Substitutions: Henderson for Burchard. Referee: Bretting. Time of halves: 15 minutes.

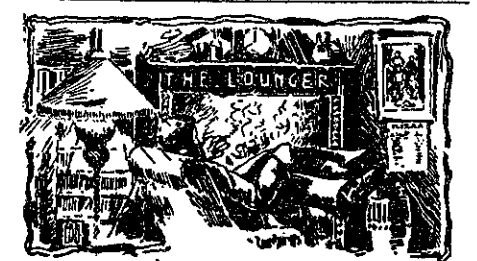

MEMBERS OF STAMP CLUB WILL HOLD BIG CONTEST

The Stamp Club will meet on Saturday, April 3, at the rooms of the Boston Philatelic Society, where they will see an exhibition of rare stamps. In connection with this meeting there will be a contest, the object of which will be to show the largest number of stamps of different colors in the same design. Each member will put one rare stamp in the pot, and the winner of the competition will receive the pot.

NOTICES

For Undergraduates

ture of a dinner instead of the usual ice cream and cake.

Reismann's ten piece orchestra will furnish the music for the dancing and Mr. Reismann himself will be the leader. At the conclusion of the musical program the dancing will continue until 2.00 o'clock.

The management of the Musical Clubs is planning a number of local concerts for the remainder of the season and the first is the performance at the Daniel Dorchester Church in West Roxbury on Wednesday, March 31. The manager wants the members of the clubs to meet at the Washington Street tunnel at 7.00 o'clock.

DISCUSSES FINANCE

C. K. Manson Addresses E. E.'s On Telephone Business

The Electrical Engineering Society heard C. K. Manson, of the New England Telephone and Telegraph Company, speak on "Telephone Engineering," in Walker Memorial last Tuesday. Before Mr. Manson's talk, a business meeting was held at which a new constitution was adopted.

Mr. Manson first stated that he would not take up the technical side of the subject, but would deal with the financial problem. Then he told about making the provisional estimate or budget for the year and said that the men in charge began their work in the middle of the preceding year, so that they would have the last months of that year to observe conditions and secure an idea as to the correctness of their estimates.

Next Mr. Manson took up the "fundamental plan," which is an estimate of business and growth for the next twenty years. He pointed out that by this method they were able to plan and start work on new extensions without such serious risk of mistakes as would result if the work were done without the estimates.

MR. DEEGAN EXPLAINS WAR RISK INSURANCE

Loans May Be Made On All Policies After First Year

Mr. J. F. Deegan, Special Representative of the Bureau of War Risk Insurance, explained the War Risk Insurance Act to a number of students in Smith Hall, room 10-250, last Monday. He pointed out the advantages of keeping up the insurance, which is the safest and most liberal obtainable.

He began by stating that the Government term insurance may be reinstated within eighteen months after discharge from the service with the payment of only two premiums (one for the month of grace and one for the current month), and the presentation of a statement of health. Those discharged over eighteen months have until July 1, 1920, in which to reinstate under the same conditions. All present term insurance must be converted into one or more of the six standard policies within five years of the declaration of peace.

Mr. Deegan said that at any time after the first year the whole cash value will be refunded in cash if the man wishes to drop out, and that after the first year ninety-four percent of the cash value will be returned in the form of a loan. He added that it is unrestricted as to travel, residence, or occupation. He went on to explain that the class for beneficiaries has been considerably extended.

Mr. Deegan finished by saying that blanks, rates, information and assistance may be had from the Bureau of War Risk Insurance, Washington, D. C., or from life insurance agents.

RACQUET WIELDERS HAVE A FULL SEASON AHEAD

Ten Games Scheduled to Take Place This Term

The management of the Freshman tennis team has announced the following schedule of games for the present term: April 21, English High School at Technology; April 24, St. John's Preparatory School at Danvers; April 28, Lynn Classical High at Technology; May 1, Brookline High at Technology; May 5, Worcester Academy at Worcester; May 8, Andover at Andover; May 10, Milton Academy at Milton; May 15, St. Marks at Southboro; May 22, Exeter at Exeter; and May 29, St. George at Newport.

Practice will begin as soon as the courts are in condition. It is probable that a test match with the Yale freshmen will be arranged.

EDITOR'S NOTE

The article entitled "Future Good for Engineers," the subject of a communication from Mr. Charles T. Main '76, was taken from the "Nebraskan" to which it should have been credited.
