

MEET GEN. WOOD TOMORROW

(Continued from page 1)
 General Ruckman, Commander of the Eastern District Coast Artillery
 Dr. Dieffenbach, Editor of the Christian Journal.
 General Wood was born in New Hampshire in 1860, and with his parents moved to Massachusetts soon

after. He graduated from the Harvard Medical School in 1884, after getting his early education in this state. He joined the army as a contract surgeon, but wishing active service, he was detailed to General Crook's command on the border in Arizona in 1885. In 1889 General Wood was awarded a Congressional Medal of Honor for his service in the Indian Campaign. He was attending physician to Presidents Cleveland and McKinley at the White House. The late Colonel Roosevelt and he organized the U. S. Volunteer Cavalry. The rank of Brigadier-General was soon conferred upon him. In Cuba, General Wood reorganized the government and turned the island over to its own regime in 1902. As governor of the Philippines, he was instrumental in pacifying and educating the Moros. The founder of the Plattsburg Training Camps was this noted personage. The last great deed on the General's record is the restoration of order in Gary, Indiana at the time of the great steel workers strike.

INSTITUTE MATMAN WINS AMATEUR CHAMPIONSHIP

The New England amateur wrestling championship in the 145 pound class was won by G. H. Butler Jr. '22 last Saturday night at the Cambridge Y. M. C. A. He defeated H. R. Kyleman of Quincy in the final round of the meet. This is the second consecutive year that Butler has won this event and to do it he had to enter a field with 16 other competitors.

FAST BOUTS MARK BOXING CARNIVAL

Christensen '22 Gets Decision Over Joe Moran of Tufts in Best Bout—Mr. Fitzpatrick Presented with Cup

FENCERS GIVE EXHIBITION

The first home meet of the M. I. T. Boxing Team was a great success in spite of the fact that only one boxer from the four colleges that had been invited showed up. Seven boxing bouts and four fencing duels comprised the program. Between the duels, and the bouts, Manager Crosby '21, presented Mr. James H. Fitzpatrick a silver loving cup on behalf of the team. Mr. Fitzpatrick has been interested in boxing at the Institute for a long time. At Field Day, he donated gold medals for the winner of the bouts. In addition to this, he donated a mat to the ring equipment which the Institute has provided.

Larry Conley and Frank Kanaly officiated as judges, while Mr. Fitzgerald was referee. The bout between F. P. Squibb '23 and J. A. Shields '22, caused the judges a little trouble in coming to a decision, until an extra round was fought. There was no doubt that Shields was the winner in this round.

In a slow bout, Capt. Addicks '21 was awarded the decision over Bill Hoar, although it looked like a tie, but towards the end Addicks caught his opponent unaware.

The feature bout of the program was between Egil Christensen '22 and Joe Moran of Tufts, in the 145 lb. class. The contestants were well matched and as a result, the judges could not come to a decision at the end of the regulation three rounds. Moran was clever on his feet and consequently Christensen had trouble in making his blows count. The extra round did not materially help to point out the better, but the referee pointed to Christensen.

Corbett Takes Things Easy

In an exhibition scrap, Willie Corbett, the Somerville slugger, and R. D. Rhodes '22 fought three fast rounds. Although Corbett took things easy, and was not at all played out, his opponent showed signs of weakening.

J. E. Brash '22, in the 125 lb. class, champion boxer of his weight at Georgia Tech, defeated H. R. Ten Eyck '22 in a three round fight. Although Brash started training only two weeks ago, after a long lay-off, he was in good form.

The boxing team journeys to the Quaker City, Friday, to take on the University of Pennsylvania mittmen on the following day.

INSTITUTE SWIMMER WINS RACE

C. D. Greene '21, captain of the Institute swimming team this year, won the 220 yard swim for the Brookline Swimming Club at their pool last Thursday night. His time was 2 minutes 45 2-5 seconds. At the same

meet, J. M. P. Anderson, captain of the Phillips Andover swimming team, broke the New England plunging record with a distance of 77 feet 6 inches.

CREWS ON RIVER

Additional Equipment Now on Hand

Five Institute crews had a good workout Saturday afternoon and gave encouragement both to the oarsmen and to the management. Four eight oared shells are now available for use, thus practice in future may be held much smoother. Manager E. T. Steffian '21 stated today that immediately after Junior Week, the Varsity and Freshmen squad will be cut to twenty men apiece. He also said that now that additional equipment has been assured, there is no reason why more men, particularly those who have rowed on former class crews, should not come out for practice. The men say that the trip up to the boat house takes too long and that crew takes up too much time, but if the men would report promptly, they would get it all over with.

All candidates are advised by the management to watch the crew bulletin board opposite the Bursar's office for all announcements concerning crew.

Are You Facing Yesterday or Tomorrow?

The problem of yesterday was Distribution. That of today is Production. Production will continue to be the problem of tomorrow. And fundamental to its solution is the Business of Industrial Building.

As conducted by Aberthaw, this Business has been placed on the same careful, scientific basis of organization, of estimating, planning, and cost accounting that obtains in the most modern of the industries themselves.

The fact enables Aberthaw to offer to its clients such highly perfected facilities for construction as ensure the prompt, intelligent, and workmanlike fulfillment of any undertaking, however large.

It likewise renders the Aberthaw organization an invaluable training-ground for the ambitious young engineer capable of welding a great variety of technical and human experience into a crow-bar with which to pry open the door of Opportunity.

READ THE CALL OF THE CAMPUS

is often interrupted these bright spring days by irresistible appeals from the open road—the links—and perhaps the nearby woods and streams.

All these outdoor pastimes demand distinctive and well-selected sports clothing for their fullest enjoyment.

This great outdoors store has expert, well-known sportsmen heading each department, and their advice and experience is at your disposal for selection.

364 WASHINGTON ST., BOSTON.

Are you stylishly dressed? If anybody put that question to you, of course you'd say "Yes."

You select your own style; any question raised about its being good style is a reflection on your taste and good judgment.

And yet—there's more to style in clothes than simply what somebody thinks about it. The turn of a collar, the line of a shoulder, or sleeve, or lapel; the curve of the waist or the flare of a skirt; all these are elements of correct style.

When you look at the clothes you decide what style best suits you; the important thing is to look at the right clothes.

YOU'LL SEE HERE

HART SCHAFFNER & MARX

FINE CLOTHES

You may take our word for it until you do see them that they're the smartest styles in this city today; and they have the real quality back of the style.

The Franklin and Washington store has nothing but these clothes; we've had to add a lot of room to take care of the needs of our customers. At Boylston Street, we have these clothes and all the other things men and boys wear.
