

COMMITTEE DECIDES SENIOR WEEK EVENTS

Positions Caused by Two Resignations from Committee—Elect Vice-Chairman and Treasurer

APPOINT SUB-COMMITTEES

At a meeting of the Class Day committee Wednesday afternoon a program for the events of the week of graduation was drawn up. The arrangement of the events is not permanent as the committee may rearrange the affairs so as not to leave a break in the week which the present schedule permits. The various committees were appointed and the materials for the programs were selected.

The resignations of E. D. Ryer and V. Chamberlain were accepted. The resignation of these men left two vacancies which were filled automatically by the two men who received the next greatest number of votes at the regular elections. These men were B. F. Casey and Robert Patterson. The offices which were filled at the meeting of the committee were next taken care of. R. R. Ridgway was elected vice-chairman of the committee and R. H. Gee chosen treasurer.

Two styles of programs were adopted; one bound in leather for the men of the graduating class and the other of cardboard for the guests and visitors. It was thought that the expense of having all the programs in the leather style would be great.

Outline Program

The tentative program is as follows: Monday, June 6, at 4 o'clock, the accalaurate Sermon in Trinity church; Tuesday, June 8, the picnic, probably at Nantasket; Wednesday, June 9, the senior dinner; Thursday, June 10, Class Day exercises in the afternoon and the senior dance in the evening; and Friday, June 11, graduation exercises at Walker in the afternoon and "Pops" concert in the evening.

Committees Appointed

The following committees were appointed by Chairman K. F. Akers and approved by the members: Program printing committee: M. M. White, chairman, R. R. Ridgway and G. Moir; committee on publicity: F. Smiddy, chairman, R. D. Booth and H. B. Deal. The dinner committee is composed of Roger Patterson, chairman, W. E. Meisner and W.

FEAST TONIGHT

Class Show 1920 Has Banquet at Hotel Brunswick

The annual banquet which brings to a close the year's work of the Class Show takes place tonight at Hotel Brunswick, when all those who have contributed toward placing a Show on the stage as a finished production will gather together for an assembling before the close of Institute year. The dinner will be an informal one at which many surprises are to be sprung and instead of long drawn out and serious speeches, laughter and merriment prevail.

The general manager, Percy Bugbees, says: "The dinner is the biggest of its kind ever held under the auspices of the undergraduates of Institute, just as was the Tech Show of 1920."

Persons who are connected with the show who intend to go to the banquet must have cards of admission in order to get into the banquet according to the statement of management which notices that members of the organization not yet secured the required tickets. Persons who have been unable to get around to the office of the Show to get their tickets may obtain them at the Hotel Brunswick calling for Bugbees who will have a number of the tickets with him. Activities will start at 6 o'clock but our adjournment has not been determined by the management which leaves the question to be decided at the banquet by the members of the organization.

SIGN ON THE DOTTED LINE BELOW AND YOU WILL SIGN FEWER CHECKS FOR THE TAILOR

Resolved: That whereas the present high cost of living is due partly to the willingness of the public to pay exorbitant prices for clothing and other necessities without exercise of discrimination in their actual value; And whereas, the high cost of necessities has inevitably imposed hardships upon the public, among which are those striving to obtain an education; And whereas, these said high prices have stirred public opinion to utterance in demand of fairer priced commodities; I, therefore, do pledge myself to buy no clothing whatsoever for a period of three months, as a protest against this prevailing brigandage; in order that by so doing, I may cooperate with others in this movement to effect a more sane and reasonable scale of prices.

(Signed)

OLD CLOTHES DRIVE GIVEN BIG IMPETUS

Enrollment of Every Man at the Institute is the Aim of the Committee—Urges That Pledge Be Cut Out And Signed

SHOESTRING IS OFFICIAL INSIGNIA

The Technology Old Clothes Club is about to begin its two headed campaign against H. C. L., by starting a series of investigations and by encouraging the wearing of old clothes to prevent the buying of new ones. The officers intend to investigate the prices charged by the various local clothiers and to pledge every man at the Institute not to buy any new clothes for the next three months.

The committee brought out the fact that shoes made at cost of \$1.65 retail at the price of \$12.50, and that there are large supplies of clothing in the various warehouses, while exorbitant prices are being charged. To combat these conditions the committee aims to organize the student body to prevent buying of more clothes.

The shoelace in the button hole of the lapel will continue to be the official badge of the organization but a distinctive button will be added to that badge. The committee says that the slogan of the campaign will be "Fight the high costs to the last patch."

It was pointed out that one point where the test of the earnestness of the men would be shown by their

MUSICAL CLUBS CLOSE SEASON WITH NATICK CONCERT

Combined Musical Clubs Gives Last Concert at Natick

The last concert of the year given by the combined musical clubs at Natick last Tuesday night was one of unusual excellence and was well attended, despite the rain. The performance which was presented in the Natick High School was followed by a dance in the Masonic Hall. Music for the dance was furnished by a jazz orchestra composed of Institute men under the leadership of E. J. Thimme '22.

The Glee Clubs were under the direction of H. H. Fiske '21, the newly elected leader for next season. Under the leadership of M. B. Knox '20, of the Banjo Club, J. R. Hotchkin '21, of the Mandolin Club, and H. O. Davidson '20, of the Glee Clubs the Combined Musical Clubs have enjoyed a fine season and the prospects for next year are exceptionally bright.

The arrangement for the Club's Banquet are now under way and although a definite announcement of the plans has not been made, the dinner will most likely take place in Riverbank Court in May, at which time the election of next years officers will be announced.

COMPLETE BOARD FOR THE 1922 TECHNIQUE

Electoral Committee Makes Final Selection for Offices of Art Editor and Assistants, Faculty And Photographic Editors

NEW TECHNIQUE BOARD MEETS

At a meeting of the electoral committee for Technique 1922 last Wednesday, the five remaining editors to be chosen for next year's volume were finally selected. Upon the recommendation of the Technique 1921 Board, A. H. Pierce of Boston was given the position of art editor. Two assistant art editors were then elected, D. J. Luykx of New York and a member of Sigma Chi fraternity, and J. A. Bowers of Elizabeth, New Jersey, of the Delta Upsilon fraternity.

After a discussion lasting almost an hour and a half, and balloting for the fourth time, J. C. Patty of Greenville, Ohio, defeated W. B. Purinton for the office of faculty editor. In the competition for photographic editor W. W. Bainbridge, Jr., dropped out and T. W. Adler was then unanimously chosen to fill the position. The latter is a member of Phi Beta Epsilon fraternity and his home is in Montclair, New Jersey.

The first meeting of the newly elected board for Technique 1922 took place yesterday. The electoral committee has completed its duties and will hold no more meetings. To wind up the activities of this year, a banquet will be held in the near future.

ALL TICKETS SOLD FOR DORM DANCE IN WALKER

Cabaret Numbers Will Intersperse Efforts of Orchestras

All tickets, for the next Dorm Dance, at which Walter Johnson's colored orchestra and Bert Lowe's musicians will vie with each other to produce the best jazz, were sold Wednesday at 6 o'clock.

Both Lowe and Johnson will be present and R. T. Pender '20, chairman of the committee says that there is a battle royal on now between the pair as to who will furnish the best music. The orchestras will be placed on opposite sides of the hall and will play alternately through the evening. This idea will provide plenty of music and will make the dancing an almost continual affair.

Cabaret numbers will be given through the evening, spread over the program for variety. Refreshments will be served in the grill room.

RELAY TEAMS AND INDIVIDUAL STARS LEAVE FOR PENN GAMES

Two-Mile Combination Faster Than Quartet Which Won Event in 1918—Kanaly Expects Dandrow to Win 56-Lb. Weight Throw

MACMAHON RACES ENGLISH CHAMPION

T. A. C. HAS TICKETS

Handles Admissions to Harvard Track Meet

The Technology Athletic Club will sell tickets for the Harvard-Technology track meet, slated for Tech Field, Saturday, May 8. Members of the T. A. C. will be charged twenty-five cents for admission to the grand stand. Men who have paid their student tax, but are not in the T. A. C. will be taxed half a dollar and all others will be seventy-five cents. Men in charge of the sale of tickets have a good number on hand and say that they expect them to go fast. Officers of the T. A. C. deem the Harvard meet the biggest of the year.

It is a little early to predict what Technology's chances in the affair will be but indications at present point to a close contest.

Fresh-Worcester Tilt Tomorrow. Saturday, the freshman track team goes to Worcester for a meet with the prep school runners. The frosh defeated the Academy athletes earlier in the year on an indoor track but this meet will be run on the cinders.

(Continued on page 3)

Technology's relay teams and individual stars left Boston last night for Philadelphia to participate in the annual Penn relay carnival. The Red and Blue games are well attended by colleges from all over the country and this year, Oxford and Cambridge Universities of England have sent a combination team to run against the American collegians. The carnival is one of the biggest meets of the season and a victory there gives a team rating as one of the best in the country.

Two-Mile Quartet Strong

In the past Technology has been placed in Class B by the Penn authorities and again this season was rated with smaller colleges whose teams have been weak and far inferior to the Cardinal and Gray aggregations. The Institute drew a poor place in the class relays this year and Coach Kanaly has entered his charges in the Intercollegiate championship events instead of running them in the class competitions.

The two-mile relay team this year is made up of Ollie Bardes, Charlie Chittick, Bill Gurney and Carol Stone. Bardes was put on the team without completing the trials Saturday. He will have to run the distance twice at Penn and Frank Kanaly says that he did not wish to work

ALUMNI COUNCIL TAKES INITIATIVE ON NEW DORMS

LEAVES INSTITUTE

Dr. Webster to Head Physics Department at Stanford

Dr. David L. Webster has tendered his resignation to the corporation in order to become head of the department of physics at Leland Stanford University, California.

Professor Webster is a graduate of Harvard in the class of 1910 and took his Ph. D. degree there in 1913. From 1909-1917 he was connected with the physics department of Harvard, first as an assistant and later as instructor. He was assistant professor of physics at the University of Michigan during 1917. In the fall of the same year he went into the army with the Signal Corps in the division of Science and Research. He was a first lieutenant but later promoted to captain. He soon transferred to the aircraft division and did research and experimental plotting. In February 1919, he came to the Institute as assistant professor of physics.

Professor Webster is a member of the American Physical Society, the American Association for the Advancement of Science, and the American Academy of Arts and Sciences. His specialty is X-Ray research and he is author of many papers on X-Ray and light.

His resignation will take effect next September and he will then leave for Leland Stanford University. He is to be Stanford Professor of Physics and head of the department. He intends to develop a large physical research department there.

REDEEM SIGNUPS

Technique signups may be redeemed in the main lobby on Monday, Wednesday and Friday from 1 to 2 o'clock. There will be no redemptions after next Wednesday, May 5. The Board announces that there is a long waiting list of those who desire copies which have not been claimed. The price will probably be \$5.00 and the books will be sold in the order of application.

The Alumni Council has appointed a committee to act in conjunction with the student committee on the matter of new dormitories at Technology. At a meeting of the Alumni Council held in the faculty room of the Walker Monday a report was made by N. G. Abbott '20, D. L. Fiske '20 and W. G. Loesch '22, representing the Institute Committee. The recommendation was that the new dormitories be built around three sides of Walker.

Make Report

The meeting of the Alumni was addressed first by D. L. Fiske '20, who explained the need and appeal for new dormitories. He read the report of the Memorial Dormitory Committee which was presented to the Institute Committee the latter part of March.

This report covers five points. It states first the need of a war memorial, proposing the dedication of new dormitories to war heroes of Technology. Secondly that 1300 men want rooms at present on the Technology grounds. Seven fraternities have asked for chapter houses in the new dormitories. Recommendation was made that the new dormitories be built on three sides of Walker, extending out in back in the form of a quadrangle, but that such a building should not be put up at present because of the high cost. Lastly it was urged in the report that the Institute provide some form of housing for a larger part of the stu-
