

## MEET B. U. TODAY

### Institute Tossers Play on Technology Grounds

The combination Sophomore and freshman baseball team takes the field this afternoon, when the Cardinal and Gray tossers are slated to cross bats with the Boston University nine at 2:30 o'clock. The battle is scheduled for Tech Field, and if old Jube Pluvius is merciful a healthy crowd of rooters should be on hand.

The B. U. contingent swamped the Technology 1923 team about two weeks ago in a seven inning practice game. Coach Bill Sweeney is in hopes of turning the tables this afternoon, and feels that his charges have made noticeable progress in practice lately.

Al Kroog will probably twirl for the engineers and if the star slabster is in anything like the form he exhibited when he turned back Wentworth Institute last Saturday, the hits of the visitors will be scattered few and very far between. Captain Washburn is picked to occupy the hill for the Boston University aggregation. The big boy has a clever brand of wares and we may see a twirlers' battle this afternoon.

### TECHNOLOGY TENNIS TEAM SWAMPS TUFTS VARSITY 6-0

#### Captain Brockman Defends Title at Longwood Next Week

The strong Technology tennis team outplayed the Tufts varsity at Medford Hillside yesterday to the tune of 6-0. Captain Brockman starred for the winners. This afternoon, the same team will meet Dartmouth at the Longwood Cricket Club courts, and tomorrow they will be matched against Bowdoin at the same place. Admission to these games is free and both of them ought to prove interesting.

Captain Brookman will defend his title of New England Intercollegiate Champion in the Intercollegiate tournament at the Longwood courts on Monday, Tuesday and Wednesday of next week. These matches are also open to the public and are free of charge. The summary of the Technology-Tufts game follows:

#### Singles

H. Brockman, M. I. T., beat C. K. Mullen, 6-1, 6-2.  
W. M. McWane, M. I. T., beat D. Rockwell, 6-0, 11-13, 6-4.  
W. A. Cauldwell, M. I. T., beat E. Telfer, 6-2, 6-2.  
H. Beattie, M. I. T., beat W. E. Hunt, 6-2, 6-1.

#### Doubles

H. Brockman and W. M. McWane beat C. K. Mullen and D. Rockwell, 7-5, 6-0.  
W. A. Cauldwell and H. Beattie beat C. Telfer and G. Lipkin, 6-2, 6-2.  
Score: Technology 6; Tufts 0.

### FINAL DORMITORY DANCE HAS LONG WAITING LIST

As has been the case in past Dorm Dances, all tickets for the affair to-morrow night have been sold. In addition to the hundred and fifty couples already accommodated, the committee has a waiting list of twenty-five persons desirous of attending, but unable to do so as they have no tickets.

Twelve dances, each divided into two parts, are on the program. The dancers will have an opportunity to change partners at the end of each half dance. The two orchestras, Lowe's and Johnson's, will alternate.

Refreshments will be served from 9.30 until 11 o'clock. A change has been made in the list of patronesses. The following will act in this capacity: Mrs. H. S. Ford, Mrs. D. R. Dewey and Mrs. H. M. Goodwin. There will be a corps of ushers on hand at the beginning of the evening to introduce the dancers to the patronesses.

The first dances will begin promptly at 8.15 o'clock and the affair will be over at midnight. The committee is in hopes of having a few cabaret numbers.

### FRESHMEN GET VICTORY OVER STONE SCHOOL IN SLOW RACE

The Technology Freshman crew outrowed the Stone School eight by three lengths in a slow race on Wednesday. The freshmen were in the lead from the start and held their own throughout the entire mile course. This was the first race for both crews. At the conclusion, H. C. Miller, the coxswain, was immersed in the icy waters of the Charles. At the end of the half mile, the Institute crew was leading by two and a half lengths and in the latter part of the race increased it to three. Rough water prevailed and as a result the time was 5.56.

The line-up follows: Bow, Evans; 2, J. L. Brill; 3, H. D. Hackett; 4, G. N. Ross; 5, C. F. Smith; 6, Valentine 7, J. Nowell; stroke, H. Y. Satterlee; coxswain, H. C. L. Miller.

### AMERICAN LEGION WANTS COLLEGE POSTS FORMED

The American Legion national officials have expressed themselves particularly anxious to get college men into the organization during the "push" for membership which will take place throughout the nation May 17 to 22.

Some difficulties of organization have presented themselves and have prevented a number of collegians from joining a Legion post. A great many men came back to college last Fall, before they had had time to join a post in their home community. They felt that their affiliation should be with their home post and held off from joining a college post. Thus, they have come through the academic year without joining the Legion, although they were early convinced of the advantage of so doing.

National Headquarters of the Legion has approved the formation of college posts, especially when members of the faculty are charter members. The presence of faculty men was deemed desirable because these men will continue residence in the college community for a number of years and will form a nucleus for the post organization of the future.

However, any fifteen men of the college can band together and apply for a charter to National Headquarters, Indianapolis. It is believed many men will want to do this before they leave for the summer, particularly if they intend to return and desire to have their post organization ready to come back to in the Fall.

Men who prefer to join a post in their home community can do so and then arrange a transfer of membership to their college post when they return to classes. This transfer can be arranged so that a man can have full advantages of both his college and his home posts, wherever he happens to be. It is believed this feature of membership will persuade many college men of the advantage of getting their names on the Legion roster at once.

### ALUMNI ASSOCIATION PLANS FOURTH REUNION FOR JUNE

#### Thirty-Four Members Assembled at Banquet Tuesday

At a dinner last Tuesday evening in Walker Memorial the Association of Class Secretaries of the Alumni Association formulated plans for the Fourth Technology Reunion to be held in Cambridge during the month of June. G. D. Marcy '05 presided with thirty-four members in attendance. J. W. Litchfield '85, treasurer of THE TECH, Volume I, spoke on the subject of future Class Reunions. Dr. H. W. Tyler '84, formerly president of the board of directors of THE TECH, Volume III, and chairman of the committee on Memorial Meeting spoke for his committee and stated that Professor C. E. A. Winslow '98, of Yale would be one of the speakers.

#### Plymouth Trip Planned

Mr. E. H. Clapp '95, chairman of the committee in charge of arrangements for a trip to Plymouth during the reunion, gave a report of plans. Box lunches will be taken on the trip and a band will be present.

### AIRPLANE PERFORMANCE SUBJECT OF A. E. S. TALK

Another of the series of lectures conducted by the Aeronautical Engineering Society will be held this afternoon at 4 o'clock in Room 10-275. G. M. Denkinger, in charge of the Wind Tunnel, will speak on "Performance of Full Size Machines as Calculated from Wind Tunnel Results." This lecture is open to all members of the society without any admission charge. Some of the subjects that he will take up are: model corrections, resistance of the various parts, comparison of similar types.

### TECHNOLOGY REPRESENTED IN NEWSPAPER CONVENTION

#### R. A. St. Laurent '21 and C. A. Clarke '21 Left Yesterday

Representing The TECH and the Technology Gamma Chapter of the Pi Delta Epsilon, the honorary journalistic fraternity, R. A. St. Laurent '21 and C. A. Clarke '21 General Manager and Editor-in-Chief of THE TECH, left Boston yesterday for New York City where they will attend as delegates a convention of those representing college publications in the eastern half of the United States.

The meetings of the convention will be held in the offices of the Columbia "Spectator." The program includes two business and discussion meetings, a midnight visit to the printing office of the New York World and attendance at the Polo Grounds tomorrow afternoon.

At a banquet to be held in the Hotel McAlpine this evening many men prominent in the newspaper world will speak. Among these are Talcott Williams, Arthur Brisbane, Don C. Seitz, Herbert Swope, J. L. Heaton and Jason Rogers.

### T. C. A. OFFERS SUNDAY JOBS

The 60 men who took the Boston and Albany jobs last Sunday may get their pay by applying in person at the Paymaster's Office, room 317, at the South Station. 50 men are wanted on the same job this coming Sunday. Men are asked to report at the Huntington Ave. Station at 7.30 o'clock Sunday and should bring along their own lunches. The work is for ten hours at 60 cents per hour. Those wishing to go on the job may sign up at the T. C. A. office.

## COLLEGE NOTES

**Wisconsin University**—The Language and Literary club of Wisconsin University celebrated the 2860th anniversary of the birth of Homer. Professor John Scott of Northwestern read a paper in which he thumped the German philologists who claim that the big spring drives on Troy were faked in places by the Greek censors.

**New College Sport**—"Aviation as College Sport" is the plea made by L. L. Driggs, president of the American Flying club. Accordingly the aeronautical society of Harvard has announced that it will buy a seaplane from the navy.

**Yale University**—In order to insure itself against loss the Athletic Association has insured the baseball team against wet grounds in the home games. If one fifth of an inch of rain falls on the day of the game the insurance is paid.

**University of Illinois**—In honor of the 173 Illinois heroes who died in the war 173 trees were planted at memorial exercises on the university grounds.

**Harvard University**—A census of all the automobiles belonging to Harvard students has been made by the "Harvard Crimson." There are 141 cars or about one car for every 39 students. The Ford is the most popular.

Motion pictures have also been taken of the Harvard track squad in action.

**University of Arizona**—The freshmen have been excluded from all student activities by the House of Representatives because they refused to wear the green caps.

**Cornell University**—Fraternities have reduced the cost of meals per person \$2.00 a week by pooling their resources and buying co-operatively.

**Ohio State University**—The 500 Seniors have petitioned the Faculty to be excused from final examinations.

**Williams College**—The remains of Colonel Ephraim Williams, founder of the college, will be removed from their present location near Lake George, New York, and interred in a vault in the Thompson Memorial Chapel in Williamstown on June 20. Tablets memorial to war heroes will be unveiled at the same time.

**Amherst College**—A salary increase of 50 per cent has been granted the faculty of Amherst. The tuition rates will be raised next year.

**Carnegie Institute of Technology**—An extensive tennis tournament has been arranged to determine the championship of the undergraduates. There will be one tournament for the men and one for the women.

**Susquehanna University**—The subscription of a half million dollar fund is nearly completed.

**Williams College**—The Williams gun club has been reorganized and will participate in intercollegiate meets.

**Chicago University**—For the first time since 1913 the baseball team has embarked for Japan where oriental teams will be encountered.

**Columbia University**—An attempt is being made to re-establish the "May Regatta," in which event the men and girls will spend a day on a trip up the Hudson and Bear Mountain.

**California and Leland Stanford Universities**—A combined soccer team will make a trip throughout the East in which they expect to meet Harvard, Yale, Penn and Princeton.

**Harvard University**—The rifle team closed its season with a string of fourteen victories.

**University of Vermont**—Governor Coolidge of Massachusetts will be the commencement speaker this June.

**Tennis a Major Sport**—Princeton and Yale athletic committees have voted to grant their tennis players a major letter, provided plans for an intercollegiate league are successful. Harvard, Pennsylvania, and Cornell are the other colleges which have been proposed as members and have yet to determine their standings on the question.

**Trinity College**—Plans for a new gymnasium as a memorial to Spanish and World War veterans from Trinity, are under way.

### NOTED ENGLISH RUNNER TO ENTER INSTITUTE IN FALL

H. P. Jeppe of Oxford University, a member of the British team of athletes which competed in the Penn Relays last Friday and Saturday, will be a student at the Institute next year. Jeppe, who is a Rhodes Scholar at Oxford from Australia has been planning for some time to enter Technology and grasped the chance to go to Philadelphia that he might become better acquainted with Technology men.

Jeppe was called from England after the arrival of the British runners here when it was thought that an injury sustained by Wilfred Tatham, one of the half-milers of the party, would prevent him from competing, and ran in the hurdles last Friday. He will sail with the squad on Saturday to complete the year's work at Oxford.

### MONEY FOR BOOKS SOLD READY AT T. C. A. OFFICE

The T. C. A. Book Exchange has placed upon the Bulletin board outside their office, a list of names of men who have money due them from the sale of books that were left at their office. The money may be obtained upon application at the T. C. A. office from P. S. Wilder '23. His office hours are 12.30 to 2 o'clock on Monday and Thursday, and 2 to 3 o'clock on Wednesday. At the President's Conference held at Bates College G. E. Fargo '21 president of the

T. C. A., was elected as one of the members of the executive committee. This committee is to take charge of all work for the ensuing year.

### FRESHMEN DRILL UNDER ARMS

The freshmen in military science have started regular drilling with rifles and will continue to use them till the end of the year. The officers in charge of the department have received their orders for the summer. Captain Pendleton has been ordered to the coast artillery camp at Fort Monroe, while Major Clark is to take command at Camp Humphreys, engineer camp. Captain Putney will remain here to instruct the junior freshmen. There are now seven platoons of regular freshmen drilling with two platoons of the junior members of the class.

Those Juniors taking advanced military science are required to attend one of the six weeks camps this summer. They have their choice of attending coast artillery, engineer, or ordinance camps. To those men attending the camps the government will give railroad transportation and board. Over a hundred men have already signed up to go.

## Training College Men for Business

The Graduate School of Business Administration of Harvard University offers a two-year course to college graduates. The course is designed to give a broad fundamental training for business together with specialization in those fields in which the student is most interested.

College men, looking to business as a career, feel the lack of adequate preparation which enables them to deal effectively either with general business problems or with the problems in their own special fields. The Harvard Business School aims to fill this need.

Special emphasis is placed upon the application of business theory to actual business problems. For this purpose the "problem method" of instruction is used. The Boston territory affords an excellent laboratory.

Courses offered: Accounting, Business Law, Banking and Finance, Marketing, Advertising, Industrial Management, Employment Management, Business Statistics, Foreign Trade, Transportation, Insurance, Lumbering, Income Taxation, Office Organization, Printing and Publishing.

Completion of the two-year course leads to the degree of Master of Business Administration.
