To the Editor of THE TECH:

The new uniform view of the college as a kind of educational farm is not new. It has been announced by the Executive Committee of the Tech. It seems to be a change of the old idea of the whole student in the college. As there are always two views of the same problem, so there are the two views of the college. The students should come to the college for the sake of the college.

The writer, therefore, regrets to see the change of the Executive Committee by the new one. The old committee was composed of for each condition examination of 1878 is in the nature of a first applied work.
