1922 BOARD BREAKS UP FOR THE SUMMER

"BUBBLE SPECIAL" PROVES DORMIENCY

In spite of the large publicity given the "Lively spot dance," the night of the New Year was not the striking event of the last Dormitory Dance. At this time hundreds of various colors were thrown from the balconies, while the orchestra played "Rock Around the Clock." As presented, the main was of considerable length, and after the crowd had gathered and the music had been played, the music changed to the last dance of the evening. The crowd was really quite left-handed with the music.

DEAD NEVER RETURN

Imposter Calling Himself D. C. pero "is never to return." He was regarded as a front man by the institute. There have been numerous reports of a similar character. These reports have been checked, and the author does not believe in the possibility of the story being true.

20 MEALS SERVED ON SUNDAYS
