FARMERS WANTED

Due to the great shortage of labor, the Farmers Association has been obliged to call upon young college men to work on the farms during the summer. This offer should appeal to those who have not yet made definite plans and who desire to spend a summer outdoors while assisting in an all-important work for the farmer. Any student interested in this work for the farmer is invited to communicate with Mr. Will Willimans, 118 Beacon Street, Boston, Mass.

LOCAL FRESHMEN MAY ENTER

PRIZE ESSAY COMPETITIONS

Graduates of Boston High School in 1899 or earlier.

Two competitions in which many freshmen at the Institute are eligible to compete are being conducted by the Old South Association. Four prizes will be awarded to each competition for the best essay on the subject of the two subjects selected by the Association.

One competition is open to all who graduate from the Latin and High Schools of the City of Boston in the course of the academic year 1920-1921, as well as to all other freshmen in the same course. Candidates must be residents of the City of Boston. The first prize will be $40 with a second of $30.

The other competition is open to all freshmen at the Institute who have entered before the beginning of the academic year 1920-1921, as well as to all other freshmen in the same course. Candidates must be residents of the City of Boston. The first prize will be $30 with a second of $25.

EXPECTS REPORT SHORTLY

Nine sections have yet to send in returns on the freshmen constitute, but those that have are on it have reported 311 in favor to 1 against. The representatives from the remaining sections are expected to turn in their reports before the end of the month. Office time is the key factor at this point.

If reports favor aband on some in town enough of the essentials the report will be given without delay to the committee. The constitution will be changed for the fall term. Proposals F. O. Billings and C. O. Booth are being printed for distribution to all classes of students.

M. T. ORCHESTRA PLANS TO

GIVE CONCERT AT NEW YORK

Early plans for the season have offered 11 ("The Fireworks of Our Knowledge about the Phenomena" and "Our World, Work, and Influence of Science Nighttime"") in Boston. The Boston Society has been well attended by the students of the Institute, and the concerts have been a great success.

COMPLETE INCINERATOR

The renovations that have been made in the small brick building which is now the office of the Institute have been completed. The new building is equipped with a complete incinerator for the disposal of waste materials.

FINES.

One of the chief difficulties in the way of the Institute is the lack of funds. This is due to the fact that the Institute is not endowed and must rely on the students for support. The Institute is in need of funds to carry on its work and to keep the building in good condition. The Institute is in need of funds to carry on its work and to keep the building in good condition.
