BIBLE IS COMPLETE

Executive Committee Authorizes Additional Pages.

At a recent meeting of the T. C. A. executive committee it was voted to add six additional pages to the "Bible." This gives a total of 241 pages, which is the largest number of pages ever contained in a single volume of the "Bible." The additional pages will be devoted to the study of the law, and will be published at a later date.

DIRECTOR RETURNS FROM FRANCE

Mr. George W. H. H. M. "1914" director of the "New York Times" in Paris, has just returned from Europe for work in the present crisis. He will make his home in Detroit.

FRANK KANAYA's appointment as supervisor of training for Army athletes who will compete in the Olympic Games comes as a fitting tribute to our hard-working instructor of physical education and track coach, Mr. Kanaya. He is well known for his marked ability in direction and training, and while his personality has won him the esteem of all comrades, there is no position that seems to fit him better.

EXCHANGES IN WALKER WEST LOUNGE

By courtesy of THE TECH, there have been placed in the west lounge of Walker Memorial all the issues of publications from other colleges which are being exchanged in the department. Students will thus have a chance to find out what is going on at other colleges, and the exchange will be particularly pleasing to those from other colleges, as they now have the privilege of getting their school papers as well.

Congratulations, Frank!

WEDNESDAY, JUNE 9, 1920

FAREWELL TO 1920

We wish to enroll ourselves of this opportunity to congratulate the men of the Class of 1920 upon their graduation, and upon the fact that they have spent the entire four years in the new buildings. We trust that the class goes with great pride in the work of what it has done for them, and what the Institute expects them to do in return. As individuals their work and their character as engineers and as men reflect directly back upon the respected name of the Institute, and therefore the four years it has spent out into the world. It is hoped that the graduating class will keep in close contact with the Institute and realize the value of a universal liberal education, and that they will find the same organized Division of Industrial Co-operation and Research.

The members of 1920 can do much by keeping together and working as a group, and we expect them to do their utmost in this respect; their alumnus will be grateful.

Congratulations, Frank!
