JAKOBSON TO LEAD VARSITY NEXT YEAR

Star Oarsman is Re-elected at Crew Dinner—Assistant and Sophomore Managers Receive Appointments

INSIGNIA AWARDED TO 20

Irving D. Jakobson ’21, of Brooklyn, was re-elected captain of the varsity crew at a dinner given to the oarsmen at Riverbank Court. Jakobson rowed number 4 in this season’s combination, and will probably hold down the same seat next year.

L. B. Davis and R. K. Teubner were appointed first assistant managers. A competition will be held for these two posts which will continue until Field Day, when one will be named varsity manager and the other will assume the position of assistant. R. C. L. Miller, E. T. Ross, and R. A. Smith were appointed Sophomore assistants.

Give Pips to Pat Manning

Pat Manning, varsity coach, was presented with a pipe by Captain Jakobson on behalf of the crew. Manning has devoted considerable time to back varsity and freshman eights this spring, turning out a promising combination that won every race and a non-score agregation that shows promise for the near future. The entire crew will be back at the Institute next year, and prospects are unusually bright for a winning Eight.

Varsity insignia were awarded to any man by the M. I. T. A. A., who, during four years, built up the necessary requirements for his work. The awards were made by the alumni advisory committee on athletics.

REQUIRED EQUIPMENT FOR

R. O. T. C. CAMPS ANNOUNCED

(Continued from page 1)

B. O. T. C. Camps.

Other Equipment Recommended.

9. Military or athletic insignia.
10. Athletic equipment and clothing.

These articles along with other items as to the requirements may be procured at the Military Supply Department.

POST INTERESTING PICTURE

Since the Walter Library has been cleared, a picture of great interest has been put up there. It shows the building where the Institute began.
