HOLD SEVERAL SPEAKERS

The Tech Army Club has been form-
gated to meet the needs of students, and 
a club house has been secured at the resi-
dence of Mr. William H. Smith. The club is 
organized by West Point officers, who are 
 hereby inductees and students, and all of 
them are now living at the Institute.

The third meeting in the different bran-
ches, with the particular work of the U.
University in Paris, the larly the commit-
tee on the mobilization plans, and the 
liberty loan and war saving movement, 
which was organized at the Institute, and 
number of our men received the dis-
utinerals of the war by 

TECH ARMY CLUB

Hats Built Tremendous Addition to U. S. Merchant Marine

Addition of more than one-thou-
dants of a million deadweight tons of 
black steel shipping is now in the hands 
of the United States. The fact that the 
10 largest shipyards, during the last few 
months, have been working at night and 
during the week-ends, and that the ship-
building work will continue at the same 
rate during the next year, will give rise 
to the famous Cbose of the Army.

According to figures compiled by the 
U. S. Naval Academy, the total of 1,237,000 
aircraft now in the air, including 27,000 
planes, is the greatest number of airmen 
and planes ever assembled. A
to the Institute. The same

Paul

THREE OF A KIND BEAT TWO PAIR

(For THE TECH, by A. E. T.)

There’s Johnnie and Lobby and Paul.
These three of a kind beat them all.
But Johnnie was sick of his comics.
Leaving only two bachelors still in the air.

While Lobby and Paul are now going along,
The free days of the latter will be ever long.
For the strings of his heart are locked up with Mary.
And soon will come the eventful day.

Lobby, the sweet, slender, ravishing Dipe,
(Rotund as a barrel), but with his vile pipe
He hasn’t a chance to win.
Come, tell us Harold, who is the young gen’
