FIFTY-SEVENTH YEAR COMMENCES
WITH 3528 STUDENTS REGISTERED

Sixteen Per Cent Increase Over Last Year's Figures—115 Officers Here From West Point and Annapolis

225 FOREIGN STUDENTS ADD TO TOTAL

With 3528 students enrolled up to noon yesterday and more coming, Technology begins its ninetieth year with the biggest registration in its history. This is an increase of sixteen percent over last year's figures. Of those entering Technology for the first time 606 are freshmen and 594 are transfers from other colleges. West Point and Annapolis have sent 115 officers who are to take special technical courses. Over 150 men have registered for graduate work, a marked increase over last year's figures. Forty-three of these are transfers from the ten universities leading with forty-five and thirty-five respectively. Thirty-five women students have entered for the first time in Technology, it is probable that two percent of the Institute population will be composed of co-eds.

VICTIMS RECOVERING
Chlorine Gas Suffers Leave Hospital

The five victims of the chlorine accident which occurred about a month ago, have been discharged from the hospital. Their recovery is reported rapid and all expect a full recovery. These unfortunate individuals are: Dr. George W. Moore, medical attache of the Russian government, who was exposed to the gas on September 21st, Mr. F. P. Littleton, one of the oldest officers at the Institute along with Mr. L. F. Johnson, representing Connecticut, and Mrs. Eva M. H. and Mrs. Ford, in charge of the hospital's association.

VACANCY OCCURS IN ASYLUM MANAGEMENT

There is a vacancy in the position of Sophomore assistant swimming manager for the year 1924-25. The present holder of the position should see Manager Ralph Geekler this afternoon at the M.I.T. A.A. office. The coaches of both teams will want to make their selection by October 15.

PROPOSE BURSAR FORD'S NAME FOR CARNegie MEDAL

Mr. Ford jumped to the assistance of three young women of the summer colony at Arbutus Camp, who had been involved in a serious accident. Although the accident was not severe enough to require hospital treatment, Mr. Ford's quick thinking and heroic efforts saved the young ladies from serious injury.
