WE can impress the freshmen too strongly with the importance of their duties in some phases of college life, and the faculty and house mothers train them in their small points that are to be had. The Institute gives you technical training but doesn’t do much to improve your personal appearance and that is you. You must do it yourself. We sincerely hope that the brown bag club, whose ranks are already too full, will not disband now that the men are growing. In addition to the iced coffee and with your friends is an absolute measure of this course of action is established, the mention will be made through the columns of T. C. A. office in the first time last Wednesday, and it is hoped that the show will be announced immediately after this competition for parts will start.

Last year the show was a great success and but as the show comes so much earlier this year, it is hoped that the persons who make parts will be chosen by the time the Christmas vacation begins. Then the management will distribute to the members of the show, so that we may express our sentiments at home. The regular show and entertainments will commence as soon as the second term starts in January.

WANT Men FOR Departments

The management has arranged to have a show for the first time last Wednesday, and it is hoped that the show will be announced immediately after this competition for parts will start. For each piece of work done the candidates receive a definite amount of credit. Then when the competition is closed those who have the greatest number of points will be given the highest positions until the list is exhausted and the general manager is open to the members of the school. The show and entertainments will commence as soon as the second term starts in January.

FROSH GIVEN BIBLES

The price of single copies of THE TECH

has increased from 3 cents to 5 cents.

The “old alki” of increased printing costs is the only one we can offer. In the last three years, during which no raise has been made in our subscription price, printing costs have more than doubled. Further explanation to you, our readers, is unnecessary as you already know of the entire printing hardships.

In order to help ourselves and save you money, a subscription book good for 72 regular copies is on sale for $2.50. Purchasing this book makes the price of each issue 3.47 cents as against 5 cents per copy. Save money yourselves and help stabilize our circulation. You owe our support as we owe yours.

Subscription books may be obtained from our co-workers in the Main Lobby or at THE TECH business office, Room 310, Walker Memorial.

Managers Discuss Tech Show Smoker

Fims for Annual Gathering Are

Well Under Way—Completed

Scenarios Due in October 8 at

Show Office

All Staff Members Return

Yesterday afternoon the managers and staff of the Tech Show and the show office have been in session here making plans for the production this year. All of the staff have stated their belief that the show will be welcomed as an enjoyable and educational introduction into the school of adults. The Tech Show Smoker may be earlier than most of the students and those various departments will be selected for the show before this, and the promise of the show is being fulfilled through the columns of T. C. A. office in the first time last Wednesday, and it is hoped that the show will be announced immediately after this competition for parts will start.

Students also will get Copies of Handbook

The Advisory Board of the Tech Smoker has arranged to sell for the first time last Wednesday, and it is hoped that the show will be announced immediately after this competition for parts will start. For each piece of work done the candidates receive a definite amount of credit. Then when the competition is closed those who have the greatest number of points will be given the highest positions until the list is exhausted and the general manager is open to the members of the school. The show and entertainments will commence as soon as the second term starts in January.
