Instead of fewer cigarettes how about less Turkish?

Smokers are learning that straight Turkish cigarettes are delicious as they are, so rich that they soon tire on the proportion of Turkish tobacco in each cigarette.

But smokers are learning also that instead of cutting down the number of cigarettes they can do this on the proportion of Turkish tobacco in each cigarette.

They can do this by switching to part-Turkish or Turkish blend cigarettes.

However, many men find that ordinary Turkish blends lack taste—they contain no little Turkish.

And so more and more smokers, as shown by sales reports like that above, are turning to Fatima. For Fatimas are part-Turkish—not all/Turkish straight Turkish cigarettes. Yet they contain more Turkish than any other Turkish blend.

RIFLE CLUB HAS NEW RANGE IN CAMBRIDGE

Marksman Practice at Armsery Until New Gallery Is Built—First Trip of Year to Wakefield Saturday

ORGANIZATION MEETING SOON

President Dean of the Rifle Club announced Wednesday that the Club would be organized soon and would begin practice. The question as to where the range will be located, now that the gallery has been removed, will be determined either by some of the instructors, the committee, or, if possible, by having a new range built. Many for this has not been definitely appropriated, but it has been approved by the Bursar that a 20 foot range for rifles and a 8 foot range for pistol shooting be built.

This year the team will be a separate organization from the club. Sophomores will be eligible for these vacant positions, but freshmen will not be allowed to compete. They will have a team of their own, under the assistant manager of the Rifle Club. The schedules have not been made up for either team, but it is understood that the usual college events, such as the varsity and junior varsity games, will be played. The first trip of the Rifle Club will take place next Saturday to Wakefield. All members and others interested are invited to go and can reach there from Boston and Maine Terminus of the Boston and Maine Railway. On the afternoon of the same day will take place under the direction of the Marinos.
