START COMPETITION
Candidates for the freshman and varsity wrestling managerships will meet Tuesday night at 5 o'clock. Season and competitive records are essential for appointments.

Second crews may enter field day competitions. However, two weeks will probably be allowed to row along with the first crews in the Field Day races next month. The management and coach-explain that the action has been taken so that those who do not make 10 first trials may be given a chance to go into the contest. There will be no extra prizes awarded because of the extra trials, and the crew finishing first will earn medals. Usually the second shell was permitted to row in the annual trials but because of the extra trials the second shell will be eliminated. The larger number of races may have some effect on the entries for the next year.

STARTING each new season with the same old-style hat, coat and tie, with the same old-length hair and their Napoleonish—what appears in Scott's clothes is different. There are those who do not make 10 first trials which may be given a chance to go into the contest.
