THE AMERICAN RED CROSS

It is almost needless to mention that the value of the American Red Cross. A word, however, may not be out of place. It is an organization whose history has been filled with deeds of mercy to mankind, both to individuals suffering and to groups in distress. The American Red Cross has done more to save life and to help poor people than any other organization in the world today. It has contributed to the American people, and among the American people of the world. During the war its record is known to the most unkind, and that will ever be remembered by many with a prayer for its continued existence. However, the fact is, that the American Red Cross is a wartime organization and that its work is finished for the time being. The time is not too late to exhibit the spirit which was necessary as it was during the past years. The work is of a different nature but always worthy of our strongest moral and financial support.

VARSIY FOOTBALL

In the November ninth issue of THE TECH a communication appeared on varsity football, comparing conditions at Stevens Institute and other colleges with those at the California Institute. We wish to bring forward this point of view to the varsity football for the Institute. We agree with the author of this communication. We believe that football is not a sport that it will be a splendid thing for the school. It does, however, seem highly advisable to us that we should not attempt this without the invited new dormitories are built, when we shall have over a thousand men on the campus.

WISO WING to the demand for space for activities in Walker Memorial it recently became necessary to use two of the four hand-ball courts for offices. A third court has been taken over by the wrestling team for their private practice, thus taking away the one hand-ball court for offices. A third court has been taken over by the wrestling team for their private practice, and have other Branches of the Student Body so it is to be hoped that hereafter everyone using the court will be the good sport he ought to be and also to try more than one branch of the sports.

ANNOUNCE ADVERTISING MANAGER'S RESIGNATION
N. F. Patton '20 withdraws from the Advertising Manager's position.

The resignation of Patton adds the duty of advertising manager to the responsibility of A. M. B. T. who are the active members of the society.
