THE MAIL SYSTEM AT THE INSTITUTE

If late there have been many complaints from students concerning the delivery of mail addressed to them at the Institute. Of the number of mistakes which have been made in forwarding mail, and of the amount of trouble which it has caused, a large part of the trouble is due to the disinterested attitude of students in keeping their cards up-to-date. Many students fail to notify the superintendent’s office as to the disposition of their mail. Changes made on address cards should be reported to the mail department immediately. The mail department will notify the student of the fact if no instruction as to the forwarding of letters is left. It is hoped that in the future these articles will be returned rather than retained under the law of “Findings is keeping”.

LOST ARTICLES

Unfortunately it seems to have become necessary to remind the students that all lost articles on being found are supposed to be turned in at the office of the superintend ence, and that they will be kept for four days and the owner notified if possible.

Of late there have been many articles of considerable value reported as missing, and it is hoped that in the future these articles will be returned rather than retained under the law of “Findings is keeping”.

THE FACULTY CLUB

The Faculty Club and the Technological Shrine will hold a joint open meeting in the Faculty Club at 5:00 p.m. at which Professor Dudgeon will speak on an “Exchange of ideals and scientific thought.”

The students interested in the exchange are requested to attend.

SLEEPY YOO DOO APPEARS

The December issue of Yoo Do appeared yesterday, under the name of the preceding month. The editor of this issue is still working, being very busy in red, yellow and blue, and portraying the students as they look in the new academic year. The sports are rather above the average of the former issue.

NOTICES

for Undergraduate

All men who are retained in the course, and who are not already on the register, are asked to report at the show of list on Tuesday, December 15, at 2:00 o'clock in the afternoon. Professor and Mrs. C. R. Hay and the Registrar’s Department will be on hand to assist in this transaction.

Professor and Mrs. C. R. Hay were on the grounds Friday, December 11, settling down the freshman and transfer classes for the first time this year.

Freshmen Anthropomorphic Charts. In giving the freshman Anthropomorphic Charts, our associates are requested to have them set out and to be sure that no one is left out. All freshmen who do not have charts are welcome to have them, and thereafter the chart may be exchanged.

Freshmen desiring substitutions of names on their Anthropomorphic Charts must sign blanks for the exchange at once. For this purpose the blanks for the exchange are placed in the register office, the list of freshmen having been arranged by names.
