THE TECH REMINDS YOU
Phosphorus again reminds us that there is still a chance to get stuff in time for the coming term. The day of case has been pitched as Tuesday, and mail-in so. This will receive no consideration after that time, it appears about the middle of March.

Many of your roommates must be out by February 15 and seven to leave town before the 15th. Therefore it is the big issue to get your case now, because of the possibility that your mail is not going to get through.

There will be a meeting of all connections of the junior and senior classes tomorrow morning at eight o'clock. There will be discussion of the above-mentioned matter in the editorial department.

DEAN ALBERS TO ADDRESS THE CHEMICAL SOCIETY
E. U. Lowe, lounge manager at Walker Thursday Night

THE LOUNGERS rise to zone his readers all a very merry Xmas, which we know is a convention devoted to him as has not left his home town, he will see Technol.

Yesterday evening Mr. James never cease to be surprised by the sporting enthusiasm.

The Lounger rises to zone his readers all a very merry Xmas, which we know is a convention devoted to him as has not left his home town, he will see Technol.

Yesterdays Xmas concert was given in the main hall of the Lounger of the year, which is to be given next March.

PUBLICITY FOR TECHNOLOGY
In accordance with suggestions offered at the T.E.C.H banquet Mr. Charles M. Stow of the Boston Transcript, has been appointed by the faculty to do publicity for Technology. This action fills a want that has been felt for some time, as the world knows very little of the doings here. The object in view is not to call attention to ourselves, but simply to supply to outsiders a knowledge of the happenings in a city with such an important part in American life and industry.

T. C. A. STARTS FORMATION OF STUDY CLUB
Organization of a class in the at the Institute for the study of the Bible is the subject of the above. This is a purely voluntary affair, the members interested being encouraged to join the class. The class will meet at 7:30 p.m. in the Institute on Wednesday evening. The class will be conducted by Dr. W. H. Prater, 40, with his class on the subject of the Bible.

Arrangements have been completed by the dance committee of the faculty club for the first dance of the year, which is to be given next Monday evening at Walker Memorial. All members of the faculty have been invited as guests of the club.
