**A Wild, Wild Night**

Seldom is it the privilege of THE TECH to report a dance of such real and important worth as that of the "1920 Dorm Dance" as it was informally held in the various halls. Fifty gay young couples—the men were all dormitory men—met at the entrance music of Louis Wal- ter's gifted ensemble until the dancing was "zero hour," midnight.

The program was replaced with dances of more than the usual novelty. For example, the most extra-ordinary of them was one in which the Goddess of Chance was invoked with the aid of a pack of playing cards. The pack was torn in half, one half being distributed to the young ladies and the other half being distributed to young gentlemen. Concluding was the prestidigitation for some magic play and the punch was made.

The beverages were supplied with paper cups and saucers. The guests for the dance were Mrs. L. M. Passano and Mrs. Joseph Light.
