It was discovered that the works
were not working properly and the
output was very small. A con
mission was appointed to investigate.
The four students were given
the job of finding out what was wrong and
to secure data and prepare a
repont for the summer. The
commission will be
satisfied when the machines are
made to work properly.
Summary of the meeting was that the
machinery must effect changes for
the present in order to make it
possible to operate under the
laws of erection and installation,
and a report will be made to
Professor John Lynde.

FRESHMEN TAKE IN "OUTSIDE PRACTICE"
The freshmen baseball team started
practicing yesterday on the Institu-
tional fields after being
for a week. The team
was turned out and justifying from the
effect of the practice very
successful. Practice has been
carried on under the direction of Jack Koels'k '21
for the purpose of giving them
personal to catch the team. Prac
tice has been divided into two
sections. These are hitting, and
teaching the boys how to
bunt. The fundamentals the team
will need are being worked
The first half was rather slow and
the second a little quicker in
that way the freshmen did
different things. There was a good
round in the second, and
were good opportunities for
the bunting. The base running and yard
requirement will be
arranged at an early date.
