appreciative of tender oats and thorough-going quality have voted a preference for Morse-made clothes for nearly seventy years—because in all that time the House of Morse has made this clothing which combined style and value to a degree which has always given the buyer more than his money's worth.

We are ready today with the finest spring clothes we have in years—at the lowest prices in years.

THE TECH

| ACTIVITIES RECORDED |

Prepared for Reference for Inter- 

College Conference

A complete record of all Techno-

lology activities has been prepared by

a class in English. This record is to be used as a reference book and is to be given to

the direction of S. B. Gorham of the

Drama Committee, who acted as chair-

man. The meeting considered four plays,

drama plays, trips, trips and finances.

Money Management, Mystery drama,

plays, trips and finances. 

Hart Room 11, General Manager,

of the Undergraduate and Alumni So-

ciety and its show and its organiza-

tion. At the close of his report there was a

plausible favorable discussion on the

matter.

W. M. Fawcett of Harvard described the

his vision of the dramatic club at the

Drama, laying stress upon the

need for the club and the

of Walker for general reference.

Prepared for Reference for In-

tercollegiate Conference

E. Eddy is his chief work

in the junior year this advant-

ages and election to responsible

positions and election to responsible

of student tax in one form or another.

Practically all the schools levy a

job preparing this report but the

others of the class were divided into

senior and Mr. Prescott, both of the

the Walker Clubs and Theta Tau. He

Graduates of colleges, and in general all applicants presenting certificates repre-

senting work done at other colleges, are excused from the usual entrance examinations

and from any subjects already satisfactorily completed. Records of the College En-

trance Examination Board, which holds examinations at many points throughout the

country and in Europe, are also accepted for admission to the Institute.

Instruction is given by means of lectures and recitations, in connection with ap-

propriate work in the laboratory, drawing-room or field. To this end, extensive labora-

tories of Chemistry, Physics, Biology, Mining, Mechanical Engineering, Applied

Mechanics, and the Mechanic Arts have been thoroughly equipped, and unusual opportuni-

ties for field-work and for the examination of existing structures and industries have been

made possible. The Engineering Practice afford an unusual opportunity to combine a technical training with a direct contact with the industries.

The regular courses are of four years’ duration, and lead to the degree of Bach-
