REPORT on going concerns, proposed extensions and new projects. FINANCE industrial and public utility properties and conduct an investment banking business.

TECHNOLOGY TO AID IN RECONSTRUCTION

(Continued from Page 1)

ogy was represented by two students, which went to France last summer to work along the same lines. The students returned to the United States after three months of the finest kind of training in the field, having received the thanks, congratulations, and an invitation to return from all officials from Premier Millerand and the Minister of Reconstruction down.

On hearing of the proposed plan for this summer, Premier Briand sent the following cablegram to the French High Commission:

March 28, 1921.

"Please inform Mr. Buell that the Minister of the Liberated Regions hastens to accept the generous offer of the group of American architectural students who will be called on to collaborate with the Architectural Service of the Departments of the Marne and the Meuse.

"(Signed) BRIAND."

An initial fund of \$250,000 is now being raised to carry on the work of the Association. The expenses of the students will be as far as possible, defrayed by the schools themselves. For this purpose the Technology students have started an enthusiastic campaign for \$10,000. Contributions will be gladly accepted from all those who desire to assist the college students, and those wishing to promote closer understanding and friendship between America and France. Mr. Merritt F. Farren is Chairman of the M. I. T. Committee, and it is to his office at Rogers building, 491 Boylston street, Boston, that all contributions should be forwarded to C. Coleman Carven, treasurer. Professor William Emerson of the Department of Architecture represents Technology on the American University Committee, of which Prof. E. V. Meeks of Yale is Chairman, and which is made up of representatives from the architectural schools of Yale, Princeton, Cornell S-wSab F Technology, Yale, Princeton, Cornell, Columbia and Pennsylvania.

This afternoon in room 10-250, a meeting of those interested in joining this group will be addressed by Dean Burton, Professor Pearson, and Professor Emerson. There are about six or eight men that have already signified their intention of representing the Institute in the unit this summer. More men are expected to add to this list after today's meeting.

SPEAKS ON CONFERENCE

Abbot L. Johnson '22, newly elected president of the T. C. A. and Samuel Hocking, Student Y. M. C. A. Secretary for Massachusetts and Rhode Island, spoke at Powder Point School, Duxbury, Mass., on Sunday, May 1, on "The Annual Conference of Eastern College Students."

JUNIORS LEAD SCHOOL IN INTERCLASS MEET

(Continued from Page One)

the field events were not exceptionally good.

Cups Given To First Place Winners A cup will be given to every man who won a first place in the meet as soon as they can be engraved. This award was made possible through the generosity of Dr. A. W. Rowe, Dr. Rockwell, and Mr. Worcester of the Athletic Advisory Committee and the various undergraduate activities.

The summary of the meet follows:

WE have always yearned to run a newspaper "column"—just sit back and publish other people's contributions. And here "Steve" comes across with a contributed advertisement, and saves us some work. He keeps his name and address a secret—but good work, Steve, say we. "You satisfy."

We got you, Steve!!

THREE YEARS ago. I TRIED a cigarette. THAT I'D seen advertised. AND I didn't like it. NOT A tall, not a tall. YESTERDAY I ran short. AND HAD to sponge. AND ALL I could get. WAS A Chesterfield. NOW I didn't fancy. A CHESTERFIELD. FOR, SAYS I. WASN'T THAT the kind. I TRIED and passed up. THREE YEARS ago? BUT ANYHOW I took one. AND NOW I know. MY BIG mistake. FOR ALL the while. I SMOKED it. I FOUND myself. SAYING, "BY golly. THEY DO satisfy."

STEVE took no chance at all. "Satisfy" is in the Chesterfield blend—sure thing. No use looking anywhere else for "Satisfy" either, because the satisfy-blend is a secret—it can't be copied.

20 for 20 cents in air-tight packages. Also obtainable in round tins of 50, vacuum-sealed.

Large advertisement for Chesterfield Cigarettes with the slogan 'They Satisfy' and the Chesterfield logo.

Shot-put—Won by Dandrow '21; second, Kellar '21; third, Pinkham '22; fourth, Nimick '24. Distance—38.3 feet. Running high jump—Tie for first place between E. A. Merrill '22 and Pinkham '22; third, Greenough '23; fourth, Corrales '24. Height—5 ft. 7in. Throwing the hammer—Won by Dandrow '21; second, Dexter '23; Osborn '24; fourth, Ellms '23. Distance—156.2 feet. Running broad jump—Won by Dippel '22; second, Heap '23; third, Pinkham '22; fourth, Houghton '24. Distance—20ft. 16in. Throwing the discus—Won by Kellar '21; second, Pinkham '22; third, Nimick '24; fourth, Ellms '23. Distance—124.7 feet. Points: Juniors 82, Seniors 43 1/2, Sophomores 27 1/2, freshmen 10.

DEAN IS LEAVING INSTITUTE IN JUNE

(Continued from Page One)

civil engineering, with the understanding that he should pay special attention to topographical engineering. Two years later he became assistant professor and in 1916 became a full professor of topographical engineering. When the position of dean was established in 1902, he was selected to fill it. During the war he
