Sections are noted on the Tabular Views.

Assign Sections as in Past

All new students entering next fall will be registered as far as possible by mail. There are a larger number of students inquiring about transferring to the institute than at this time last year. These men will all be assigned sections as their applications are accepted. This work comes under the department of admissions of which Dr. J. L. Tryon is in charge.

Men in the present freshman class have been assigned sections for their Sophomore year. Men in the Sophomore and Junior classes are not assigned sections definitely, but they are expected to arrange themselves in the alphabetical order as indicated on the tabular view.

Registration Not Complete

Each man is to fill out an extra card to be used in making up the directory so that this book may be printed earlier than in the past.

The students will return their address cards before the beginning of the term. The return of this card and the bursar's countersign on the admittance card complete the registration. The time limit for paying the bursar without payment of a fine is Friday, September 30. If for any legitimate reason a man wishes to change his registration, ample time will be given in the first week of the term to do so.

ELECTRICALS HOLD SUCCESSFUL DINNER

100 Men Enjoy Final Banquet of Society—Dr. Elihu Thomson Speaks—Frank Gage Assists in Entertainment

ANNOUNCE NEW OFFICERS

The Technology branch of the American Institute of Electrical Engineers held its annual banquet Tuesday, May 17, at 6 o'clock in the north hall of Walker. One hundred men enjoyed the generous repast.

Immediately following the banquet the officers for the coming year were announced and each officer-elect gave a short speech on the prospects for the coming year. The following are the officers-elect: Chairman, L. R. Culver '22; Vice-Chairman, Arnold W. Miliken '22; Secretary, Lawrence Coddington '22; Treasurer, C. L. Maltby '23.

The first speaker of the evening was C. L. Edgar, president of the Boston Edison Company, who spoke in detail of the new coastwise super-power project. This is to be run from Maine to Maryland and is to get the steam from Pennsylvania, and water-power from the streams of Maine and from the St. Lawrence River. He stated that there was 2,000,000 H.P. in the St. Lawrence at the present time, half of which was controlled by the United States.

Dr. Elihu Thomson of the General Electric Company was the next speaker. To emphasize the fact that electricity was not a dead subject he told of a phenomenon in connection with iron welders. The dust from these welders cannot be detected by the human eye except when placed in the field of a powerful electro-magnet. He also spoke on the connections of the auroras, all of which he has witnessed for the past 30 years, with the sun spots.

LAST TEA DANCE TOMORROW

The California Club tea dance, the last affair of its kind this year in Walker will be held tomorrow afternoon in the main hall. It is also the first dance under the new administration of the Westerners.

The dance is for the benefit of the French Reconstruction project which some of the men from Technology are going to take part in this summer.

Dancing will be from 3 to 6 o'clock. The tickets are \$1.50, and the music will be furnished by Bert Lowe's orchestra. Attendance will be limited to 175 couples.

SELL BOX LUNCHEONS

Tasty Box Co. to Accommodate Summer Students

It was announced today that the Tasty Box Luncheon Company has made arrangements with the Faculty to sell box luncheons for the convenience of the students, in the lounges in the basements of buildings 2 and 3 all during the summer beginning with the close of this term.

These box luncheons, which will be sold for 30 cents, have been sold at Harvard, Tufts and Wentworth Institute and are coming here with their recommendations.

C. A. C. DANCE IS INFORMAL

In order that the men may become better acquainted, the military science department desires that those who are going to Coast Artillery camps this summer attend the dance-tonight.

The soldiers will gather in the main hall of Walker Memorial, and the informal party will start at 8 o'clock. The affair will be informal.

The patrons and patronesses are to be members of the military science department and their wives: Col. and Mrs. Christian, Majors Putney, Otosen, and Pendleton and Captains Wright and Watson, and their wives. Major Ottosen is aiding the student committee. Tickets can be had in the military science headquarters.
