OPEN DRIVE FOR INSTITUTE DELEGATION TO SILVER BAY

Technology Will Send Men to 36th Annual Student Conference on Lake George in the Adirondacks June 24

T. C. A. SENDS LETTERS TO LOCAL STUDENTS

Technology will again be represented at the 36th Annual Student Conference which will be held this year at Silver Bay, on Lake George, from June 24 to July 2. The Technology handout contains comments on the scientific program and the aim of the conference. It is hoped that many of our students will attend the meeting.

In order to assure enthusiasm for the trip, it is important that those who are interested in taking the trip notify the Tech office as soon as possible. The cost of transportation and accommodations will be approximately $20 per person. Registration fees and hotel charges will be discussed with interested students.

DELEGATES AT A PREVIOUS CONFERENCE

The conference has always been well attended by our students, and we hope that this year's meeting will be no exception. The hotel facilities are excellent, and the conference will provide an excellent opportunity for our students to meet other students from different colleges and to exchange ideas and experiences.

THE BONIFIRE

A Colorful Event at The Conference

This year, due to the cancellation of the usual fireworks display, the Bonfire Committee has planned a special event for the evening of June 23. The Bonfire will feature a large bonfire, music, and dancing, and will be a great opportunity for our students to relax and enjoy each other's company.

In addition to the Bonfire, there will be a variety of other activities planned for the conference, including a picnic, a hike, and a series of lectures and workshops. The conference will also provide a chance for our students to meet other students from different colleges and to exchange ideas and experiences.
