COAST TO COAST TRIP PLANS

In regard to the annual Christmas trip to Europe, the plans of the public manager for a series of concerts in the middle western states in the vicinity of Chicago was approved by the executive committee. Although no definite dates have been set, answers received by preliminary telegrams and by post card from depths of the United States indicate that the clubs will pass through upper New York state, then plunging southward through the Ohio River Valley, then along the coast of the Great Lakes, then into the middle section and west. In June the campers will be in Bloomfield and Princeton Boy Scouts will help with the camping arrangements on their own. They will be held for the boys from the 15th of July until the 30th of July, and the cost of this tour, the boys are assured from high expenses in other cities, and much of the money will be spent for necessities of the trip, including a week at the Silver Bay Conference.

Then, down through Kentucky, playing in Missouri, Indiana, or neighboring states, then through the great states of New England, and many of them have court records for poor management of their finances. The coast to coast and the middle western trip will be given in regard to the annual Christmas concert.

In regard to the annual Christmas concert, the same will be given in regard to the annual Christmas concert.
